

**NOTICE OF MOTION**  
**CONSERVATIVE GROUP**  
**CITY INFRASTRUCTURE**

This Council,

- (i) requests that the Chief Executive make contact with HM Treasury at the earliest opportunity in order to make the case for Brighton & Hove accessing the Government's new £2.3 billion Housing Infrastructure Fund and;
- (ii) requests the Policy, Resources & Growth Committee to put infrastructure provision at the heart of the emerging City Plan Part 2.

Proposed by: Councillor Bell

Seconded by: Councillor C. Theobald

Supported by: Conservative Group of Councillors

Supporting information:

This Council notes and acknowledges the concerns of many residents regarding the desperate need for adequate new infrastructure, such as schools, transport, utilities, healthcare, and sports and leisure facilities, to support the Council's City Plan housing target of 13,200 new homes by 2030.

This Council, therefore, welcomes the new £2.3 billion Housing Infrastructure Fund announced by the Chancellor of the Exchequer in his recent Autumn Statement to help support new housing schemes in areas where housing need is highest.
