Key Considerations in the Application

- Principle of loss of hotel and provision of HMO / accommodation for the homeless
- Impact on the conservation area
- Impact on neighbouring amenity
- Standard of accommodation
- Impact on highways

Brighton & Hove
City Council

Conclusion and Planning Balance

- The loss of the hotel is considered acceptable because it is not in the Hotel Core Zone, there is not an overconcentration of HMOs within 50m and accommodation for the homeless is supported.
- The impact on the conservation area is minimal.
- The impact on neighbouring amenity would be controlled by the management plan (Condition 8).
- The standard of accommodation is acceptable.
- The impact on highways is insignificant.
