Proposed Side Elevation

Contextual Front Elevation

proposed south elevation 1:100

Key Considerations in the Application

- Design and Appearance
- Impact on Amenity

Conclusion and Planning Balance

- Proposed front dormer removed and replaced with a rooflight & removal of front projection proposed as part of previous application BH2021/02271 which has reduced the impact on the streetscene
- The revised design and appearance is considered acceptable.
- The proposal would not significantly impact on the amenity of neighbours.
- Recommended for approval.
