103	LITTER ON A27 <i>CONSERVATIVE GROUP</i>	9 - 10

Brighton & Hove City Council

Council

Agenda Item 100

Subject: Fast Food and Energy Drink Advertising

Date of meeting: 7 April 2022

Proposer: Councillor Evans
Seconder: Councillor Moonan

Ward(s) affected: All

NOTICE OF MOTION

FROM THE LABOUR GROUP

This Council notes that:

- Fast food contains high level of fats, salt and sugar and many drinks often contain high levels of caffeine and sugar
- Excessive consumption contributes to obesity, tooth decay, diabetes, gastro-intestinal problems, sleep deprivation and hyperactivity, and many cancers are also linked to diet
- 14,000 children in Brighton & Hove are overweight or obese
- Advertising for these products is often aimed squarely at children
- The Mayor of London banned all fast-food advertising across London's transport network
- Sustain and Foodwatch published a report 'Taking Down Junk Food Adverts' which recommends that local authorities regulate such advertising in publicly controlled spaces, and that the Advertising Standards Authority should be able to regulate advertising outside nurseries, children's centres, parks, family attractions and leisure centres;

Therefore, this Council resolves to:

- Ask the Chief Executive to write to the Chief Executive of Brighton & Hove Buses and Southern Rail asking for a ban on the advertising of fast food and energy drinks to be imposed across the Brighton & Hove transport network
- Request that the Adult Social Care and Public Health Sub Committee calls for an audit of fast food or energy drinks advertisements on any hoarding or within any building owned by this Council including large advertisements on bus stops
- Request that the Adult Social Care and Public Health Sub Committee calls for an audit of what food and drink products are sold in premises we own
- Ask the Chief Executive to write to the relevant minister requesting the recommendations of the 'Taking Down Junk Food Adverts' report be adopted as government policy as soon as possible; copying in our local members of Parliament to seek their support.

Brighton & Hove City Council

Council

Agenda Item 102

Subject: Farming in Brighton & Hove

Date of meeting: 7 April 2022

Proposer: Councillor Nemeth
Seconded: Councillor Meadows

Ward(s) affected: All

The Mayor has determined that the following Notices of Motion will be accepted due to the special circumstances that led to them being submitted outside of the usual timeframes. A request was made for previously submitted NOMs to be replaced to comply with the guidance relating to Local Authority publicity.

NOTICE OF MOTION

FROM THE CONSERVATIVE GROUP

This Council:

1. Notes that the Council's rural estate consists of approximately 12,800 acres within the South Downs National Park; much of which is worked by loyal and long-standing tenant farmers;
2. Recognises the tireless efforts of local farmers who produce food for the city;
3. Recognises the shared aims of Councillors on a cross-party basis to produce food locally and sustainably;
4. Notes concerns of farmers about disproportionate consultation with lobbying groups during the Council's City Downland Estate Plan process rather than with those producing the food that we eat; and
5. Requests urgent steps to be taken to address the concerns of farmers through extensive consultation prior to any votes taking place on the final City Downland Estate Plan.

Brighton & Hove City Council

Council

Agenda Item 103

Subject: Litter on A27

Date of meeting: 7 April 2022

Proposer: Councillor McNair
Seconder: Councillor Theobald

Ward(s) affected: All

The Mayor has determined that the following Notices of Motion will be accepted due to the special circumstances that led to them being submitted outside of the usual timeframes. A request was made for previously submitted NOMs to be replaced to comply with the guidance relating to Local Authority publicity.

NOTICE OF MOTION

FROM THE CONSERVATIVE GROUP

This Council:

1. Recognises the efforts of community campaigners and Councillors who have drawn attention to the continued presence of copious amounts of litter along the sides of the A27 within the boundaries of the city;
2. Notes the difficulties that the Council has experienced in paying for and planning short-term road-closures to facilitate clear-ups; and
3. Calls for an Officer Report to be sent to Environment, Transport & Sustainability Committee setting out proposals for a long-term strategy to fund and execute clean-up operations.
