**BRIGHTON AND HOVE CITY COUNCIL**  
**HOUSING MANAGEMENT PANEL: CENTRAL AREA**  
**MINUTES – 13.06.2023**

**Attendees:**

Residents: Jason Williams (Chair), Pippin Boardman, Norman Williams, Theresa Mackey, Rosemary Johnson

Officers: Francis Mitchell, Hannah Barker, Justine Harris, Janet Dowdell, John Evans, Geof Gage

Councillors: Cllr Goldsmith,

Press: Sarah Booker-Lewis

**1 – WELCOME, APOLOGIES & INTRODUCTIONS**

1. There were apologies from Cllr McLeay, Grant Ritchie, Martin Reid, Sam Warren, Alan Cooke and Linda King.

**2 – RATIFICATION OF COUNCILLOR CO-CHAIR**

1. This item was not heard.

**3 – PREVIOUS MINUTES AND ACTIONS**

- 3.1 Norman Williams raised concerns about ASB in front of Essex Place, citing individuals drinking alcohol and questioned at what meeting changes to the EDB took place, and how they were agreed.
  - a. **ACTION** – Community Engagement to contact Norman Williams with information on at which meetings changes to the EDB took place, and how these changes were agreed.
- 3.2 Janet Dowdell stated that action is being taken to prevent individuals drinking outside Essex Place and invited Norman Williams to report this behaviour to Housing Customer Services.
  - a. **ACTION** – Geof Gage to contact Norman Williams regarding laundry room reviews and replacements to laundry room doors.
  - b. **ACTION** – Justine Harris to check in with cleaner at Essex Place to ensure cupboard is cleared.
- 3.3 Geof Gage stated that it was not possible to alter the door opening/closing system at Essex Place.
  - a. **ACTION** – Geof Gage to arrange for Jamie Smith to contact Norman Williams and Pippin Boardman regarding the doors at Essex Place.
- 3.4 Theresa Mackey commended the cleaners at Highcroft Lodge.

#### **4 – WARD BOUNDARY CHANGES AND THE IMPACT ON AREA PANEL MEMBERSHIP**

- 4.1 Justine Harris delivered a verbal update on this item, referring to information on page 35 of the agenda.
- 4.2 Theresa Mackey expressed that some individuals are not happy with the ward boundary changes.

#### **5 – RESIDENTS QUESTIONS**

Communal Laundries:

- 5.1 Geof Gage clarified that the review of laundries, as seen in question C3.1, would be delivered to area panel meetings in September.

Residents not getting email responses from officers:

- 5.2 Norman Williams raised concerns regarding the efficacy of the telephone switchboard.
- 5.3 Janet Dowdell stated that the switchboard has a target to resolve 80% of queries at the time of an initial phone-call.
- 5.4 Rosemary Johnson expressed that it appeared a perverse incentive mechanism was in place, stating that as switchboard operatives were incentivised to not pass customers to their colleagues through their 80% resolution target, customers were not being appropriately transferred to the most suitable officer and suggested that this be looked into.
- 5.5 Justine Harris outlined that the points raised would be looked into as part of the Tenancy Services Review.
  - a. **ACTION** – Housing Customer Services to be looked at in more detail as an agenda item at a future meeting.

Craven Vale Windows:

- 5.6 Rosemary Johnson raised concerns regarding the quality of the windows being installed in Craven Vale. Rosemary Johnson also raised concerns regarding the contractor being commercial, rather than residential, citing behaviours that may be appropriate on building sites but not in peoples homes.
  - a. **ACTION** – Geof Gage to attend the next core group meeting with the contractor to directly raise concerns regarding contractor behaviour and report back to the next area panel meeting.

## **6 – SOCIAL HOUSING BILL PRESENTATION**

- 6.1 Justine Harris delivered the presentation on this item.
- 6.2 Theresa Mackey raised concerns regarding accessibility for individuals who won't be able to engage with the webpage and questioned how the council will reach those people. Justine Harris stated that there would be a focus on improving technology and processes to facilitate in person meetings with officers for those less able to engage online.
- 6.3 Norman Williams highlighted the importance of posting information to residents as well as it being provided online.

## **7 – HOUSING COMMITTEE WORKPLAN PROGRESS UPDATE AND HOUSING PERFORMANCE Q4 2022/23**

- 7.1 Justine Harris delivered the report for this item.

## **8 – AOB**

- 8.1 Pippin Boardman expressed apologies that Theresa Mackey was moving from central area to north area.
- 8.2 Theresa Mackey expressed concerns regarding scaffolding being left standing after work has been completed.

## Residents Questions - 3 star, All Areas

### C3.1 - Estate Development Budget

<b>Area in city</b>	Central
<b>Star rating</b>	3 star – City Wide issue
<b>Date question raised</b>	4 <sup>th</sup> July 2023
<b>Week of Area Panel</b>	11 <sup>th</sup> Sept 23
<b>Deadline for officer response</b>	10 <sup>th</sup> August 2023
<b>Name of officer responding</b>	Sam Warren
<b>Officer job title</b>	Community Engagement Team Manager
<b>Contact Details</b>	Sam.warren@brighton-hove.gov.uk

### C3.1 Question & Response

<b>Issue</b>	<p>Two concerns were raised about the Estate Development Budget (EDB)</p> <ol style="list-style-type: none"> <li>a. The extended criteria for EDB bids</li> <li>b. The process used to agree an EDB bid for a group in the Central area</li> </ol>
<b>Background</b>	<p>A. The money for the Estate Development Budget comes from the Housing Revenue account, which is rent paid by tenants. EDB was initially established to improve the physical environment of Council estates and blocks, for the benefit of Council tenants. Examples given on the Brighton &amp; Hove City Council website include community gardens and growing projects, cycle storage, patio areas, new footpaths and refurbished handrails. At a recent EDB meeting residents were informed that the Estate Development Review had proposed a change in criteria for what could be funded under EDB and that this was agreed in a paper that went to Area Panels. This broadens the criteria so that community groups and projects can also apply to the EDB. There is concern from Central residents that this means Housing Revenue money will not be spent on Council housing tenants. Central residents asked for a copy of the EDB review paper containing this change but did not receive an answer. An EDB report they found in agenda papers from previous Area Panel papers does not mention an extension of the criteria.</p> <p>B. Central residents raised concerns about the legitimacy of voting procedures at the May EDB budget meeting.</p> <ul style="list-style-type: none"> <li>• Ward boundary changes meant that several Associations previously in Central were now in the North Area. These Associations were still given a vote on Central bids.</li> </ul>

	<ul style="list-style-type: none"> <li>When the vote was taken, some Associations were permitted votes from members not present at the meeting, while other Associations were told anyone not present at the meeting could not vote.</li> </ul>
<p><b>Request or Question</b></p>	<p>A. Central residents asked for evidence that the change to the criteria was agreed through the proper processes at Area Panel. If this did not happen, why has a decision been made by officers to extend the criteria for the use of money that comes from the Housing Revenue?</p> <p>B. Because the vote was not carried out in a fair way, it should be considered invalid, and a re-vote taken.</p>
<p><b>Response</b></p>	<p>The changes to the funding scope of the Estate Development Budget were made as part of the Tenant and Leaseholder Engagement Strategy.</p> <p>The Strategy came to Area Panels in November 2020 and had been reviewed prior to this by the Involvement and Empowerment Service Improvement Group.</p> <p>The strategy had a recommendation to:  <b><i>'Maximise the Estate Development Budget by agreeing a change of scope to include tenant and leaseholder led projects and well as physical items and works.'</i></b></p> <p>This was approved by Housing Committee in March 2021.</p> <p>The formal ward boundaries changes did not come into place for housing areas until after the local elections. There was a presentation of the new boundaries and changes to tenant groups at the June 2023 Area Panel.</p> <p>The EDB main bid meeting was on the 10th May so the boundary changes were not yet in place. Therefore, all original groups were invited to be involved. In the future only the groups now in the Central area will be invited.</p> <p>We have always included votes from people that could not be present if they have sent them in to us prior to the meeting. This is standard practice for the EDB main bids.</p> <p>The request that was turned down was to allow extra tenants to vote after the date of the meeting. This is not standard practice and therefore would be placing extra conditions on this bid that has is not applied to any other group.</p> <p>It is standard practice to allow the applicant group to have 1 vote for themselves, although in this case this vote was not counted due to the difficult meeting environment.</p> <p>The final vote for this bid was:</p>

### C3.2 - Parking and Visitors Bay

<b>Area in city</b>	Central
<b>Star rating</b>	3 star – City Wide issue
<b>Date question raised</b>	4 <sup>th</sup> July 2023
<b>Week of Area Panel</b>	11 <sup>th</sup> Sept 23
<b>Deadline for officer response</b>	10 <sup>th</sup> August 2023
<b>Name of officer responding</b>	Benjamin Tedder
<b>Officer job title</b>	Carparks and Garages Manager
<b>Contact Details</b>	Benjamin.tedder@brighton-hove.gov.uk

### C3.2 Question & Response

<b>Issue</b>	The new visitors' permit scheme, although a good idea, is failing
<b>Background</b>	It was hoped that the new visitors' permits would resolve the problem of people parking in visitors' slots, but the problem continues. People are misusing the permits – for example they have been seen offered for sale on social media. This has been reported but no action taken.
<b>Request or Question</b>	<ol style="list-style-type: none"> <li>a. Ask for it to be acknowledged that this scheme is not working and that further thought needs to be put in to how to resolve the visitors' parking problem.</li> <li>b. Suggest that all areas are asked to put forward ideas on how to improve the visitors' permit scheme. These are then pulled together and discussed, possibly at a city-wide meeting.</li> </ol>
<b>Response</b>	The visitor parking system for car parks on Housing land is funded by Housing and offered as a free service to residents, whereby reusable

	<p>permits are allocated to each household. The majority of car parks across the city do not contain visitor bays and the Housing Service is not required to provide them, though they do exist in some areas.</p> <p>As the permits are reusable, the system is open to abuse by residents who sell their permits to other drivers. If abuse is reported to the Housing Customer Service Team, they will contact the resident who holds the permit to gauge the evidence of the reports and have the authority to cancel any permits that are demonstrably proven to be misused.</p> <p>Housing welcomes any suggestions from residents concerning changes to the visitor permit system and can perform further consultation on options to change the current system if there is agreement from residents of affected car parking areas.</p>
<b>Action</b>	If residents of affected car parks feel that there should be consultation on changes to the visitor permit system then this will be carried out.
<b>Start date</b>	N/A - dependent on resident approval
<b>End date</b>	

### C3.3 - Laundry Review

<b>Area in city</b>	Central
<b>Star rating</b>	3 star – City Wide issue
<b>Date question raised</b>	4 <sup>th</sup> July 2023
<b>Week of Area Panel</b>	11 <sup>th</sup> Sept 23
<b>Deadline for officer response</b>	10 <sup>th</sup> August 2023
<b>Name of officer responding</b>	Craig Cotton
<b>Officer job title</b>	Contract Manager - Housing
<b>Contact Details</b>	craig.cotton@brighton-hove.gov.uk

### C3.3 Question & Response

<b>Issue</b>	Residents have not been consulted about the future of communal laundry facilities.
<b>Background</b>	Residents have been told that the communal laundry facilities will be free until the end of 2023, but do not know what the future of this service will be after that.

	A review paper was scheduled for the June 2023 Area Panel but was not on the agenda.
<b>Request or Question</b>	Ask for consultation with residents on the future of communal laundry facilities to start immediately. This consultation needs to start with talking to residents who use the laundries to find out their opinions and ideas.
<b>Response</b>	<p>There has been no end date set for the free use of the laundry service. Despite the understanding described in the background, the laundry service will continue to be free of charge unless a decision is made otherwise.</p> <p>Although, not included in the June Area Panel, the laundry service review is ongoing and will involve input from residents, as detailed below.</p> <p>A consultation with residents who use the laundry will take place, and their views, comments and experiences will be important to the review. The detail of the consultation plan, regarding the residents involved, the information sought and a variety of ways in which residents can share their experiences and views, will also be communicated to Panel. We would of course welcome any additional input from Panel at this point.</p>
<b>Action</b>	When the starting date for the consultation is confirmed, we will inform Panel.
<b>Start date</b>	N/A
<b>End date</b>	N/A

#### C3.4 - Sprinkler systems at High Rise Flats

<b>Area in city</b>	Central
<b>Star rating</b>	3 star – City Wide issue
<b>Date question raised</b>	4 <sup>th</sup> July 2023
<b>Week of Area Panel</b>	11 <sup>th</sup> Sept 23
<b>Deadline for officer response</b>	10 <sup>th</sup> August 2023
<b>Name of officer responding</b>	Geof Gage
<b>Officer job title</b>	Head of Housing Investment and Asset Management
<b>Contact Details</b>	eofrey.gage@brighton-hove.gov.uk

### C3.4 Question & Response

<b>Issue</b>	High-rise flats have been told they will have sprinkler systems installed, but there has not been any consultation about this. There are some concerns amongst residents about these systems.
<b>Background</b>	N/A
<b>Request or Question</b>	<ul style="list-style-type: none"> <li>• What stage of the process is the Council at with the installation of sprinkler systems?</li> <li>• What consultation will there be on this?</li> <li>• Can they ensure there is good communication throughout the process with residents living in the blocks?</li> </ul>
<b>Response</b>	We do not have a programme for the installation of sprinkler systems to be installed to our blocks. A pilot consultation at two blocks did not receive the required resident support and was therefore cancelled. There is no statutory requirement for the installation of sprinklers systems to high rise blocks.
<b>Action</b>	Complete
<b>Start date</b>	24.07.2023
<b>End date</b>	24.07.2023

### C3.5 - Transparency about processes and decision making

<b>Area in city</b>	Central
<b>Star rating</b>	3 star – City Wide issue
<b>Date question raised</b>	4 <sup>th</sup> July 2023
<b>Week of Area Panel</b>	11 <sup>th</sup> Sept 23
<b>Deadline for officer response</b>	10 <sup>th</sup> August 2023
<b>Name of officer responding</b>	Keely McDonald
<b>Officer job title</b>	Senior Community Engagement Officer
<b>Contact Details</b>	keely.mcdonald@brighton-hove.gov.uk

### C3.5 Question

<b>Issue</b>	A resident requested a video recording of an Estate Development Budget meeting but were told that meetings are not recorded.
<b>Background</b>	Residents are not always able to attend meetings and minutes do not always give a full account of what happened at the meeting, as they mainly record decisions and actions. Recordings should be made available in the interests of transparency and accountability.

<b>Request or Question</b>	Central residents are asking for Estate Development Budget meetings, Area Panels, the Home group, and the Involvement and the Empowerment Group meetings to be recorded and made publicly available.
----------------------------	--

### C3.5 Response

In the past, recordings of meetings supported by the Community Engagement Team, held on Zoom, were made for the purposes of taking minutes. These were used by a member of our Admin team to support accurate minute writing, and deleted when the task was completed.

Democratic services also use this function to support accurate minute writing of Area Panel meetings.

**We don't agree the idea of recording and publicly sharing recorded meetings as an ongoing basis for many reasons.**

- Being recorded can put attendees and staff under pressure to speak or behave in a particular way, we aim to create an open space for discussion and debate where people can voice questions or concerns freely, share lived experiences.
- A two hour-long recording of a meeting and may only have a small proportion of time where a viewer would observe a resolution to a discussion; it would be a very lengthy process to find clear information.
- Consent would be required by everyone in every meeting, and we think this request itself could put people off attending, not wanting to be the person who says no to the group.
- Records of consent would need to be held accurately and this consent can be rescinded at any time.
- It would take up staff capacity and not be good use of staff time for the Community Engagement Team to record, upload and manage recordings of meetings, which would include removing recordings at any time at the request of any of the attendees.
- The cloud memory needed to store a recording of a two hour-long meeting would be a very large file, this would be very slow to upload.
- Storage of files on the cloud has a large carbon footprint. Having numerous large files being created and stored like this would not be in line with the council's commitment to be carbon neutral by 2030.
- Editing two hours of footage would also require a lot of staff time; again, it would not be a good use of time.

**We think that supporting positive development of services, improvements and change is what is important about the work we do with residents, not who said what.**

We appreciate that not everyone can attend every meeting they might be interested in. The Community Engagement Team do their utmost to ensure that all minutes are an accurate record of the pertinent information from each meeting. The written minutes are a record of decisions and actions taken, what the outcomes of discussions were, what points were made and what will happen next as a result.

We choose not to create minutes that capture what is said, word for word in huge detail. A resident who can't be there, won't be able to see who said what, but they will be able to read quickly through a few pages. Staff also refer to minutes as part of their work.

### C3.5 Actions

<b>Action</b>	No actions are agreed

### C3.6 - Communication & Consultation

<b>Area in city</b>	Central
<b>Star rating</b>	3 star – City Wide issue
<b>Date question raised</b>	4 <sup>th</sup> July 2023
<b>Week of Area Panel</b>	11 <sup>th</sup> Sept 23
<b>Deadline for officer response</b>	10 <sup>th</sup> August 2023
<b>Name of officer responding</b>	Hannah Barker
<b>Officer job title</b>	Senior Community Engagement Officer

### C3.6 Question

<b>Issue</b>	Communication and consultation with residents and Resident Association representatives is poor and needs to be improved.
<b>Background</b>	<p>A consistent problem behind a lot of the issues raised is a lack of information and communication about progress and action. When complaints are made, or questions asked, it often seems like these disappear into a void. Nothing comes back and this is disappointing and demoralising.</p> <p>Housing may actually be doing something to sort out an issue but are failing to keep resident representatives (or the person who raised the issue) informed about this.</p> <p>Just keeping people informed and having a good channel of communication would make a huge difference to Residents Associations. Committee members and Resident Association representatives are often asked by residents for information and updates on local issues. If the representatives have not been kept up to date or given any information they are not able to provide this. This is a frustrating and difficult</p>

	situation which makes the job of Resident Association representatives more difficult. It also creates the feeling that the Resident Association is not able to achieve anything, and this makes it more difficult to involve people.
<b>Request or Question</b>	How can communication between Residents Associations and Housing be improved?  Central residents are open to ideas from the Council and from other Areas.

### C3.6 Response

#### **Overview of Response:**

**This response is written alongside other resident's questions, W3.1 and E3.1, which also raise issues around communications.**

West residents made a specific request for a residents meeting on the subject. Please read our response to W3.1, including how this issue, and improvement, relates to Social Housing Regulation and Consumer Standards.

#### **Involvement & Empowerment Group**

We propose the Involvement & Empowerment Group will be the focus, with the support of the Community Engagement Team, for some detailed discussions on communications and consultation. We can drill into the issues to look at solutions together and be able to get the most appropriate staff around the table to look at improvements.

I appreciate speaking with Emma and Jason, (Resident-only Central co-chairs) about this. I have more detail and suggestions to take to the Involvement & Empowerment Group:

- Emails & phone calls that 'go into a black hole'; TRA's hear nothing back.
- Different people give different answers
- Associations are 'pushed from pillar to post'; told to talk to different people.
- Better information about what support is available for people that don't have online access, and not just referral to a library or help from a friend.
- Tone and wording of communications can lack humanity, resulting in discouragement and frustration. (e.g. a legal sounding response without any softer supportive statement alongside.)
- More information to Associations about city wide groups and forums available to all residents. e.g., 'You have a voice' poster from Community Engagement Team and template inserts for Association newsletters.

There may be a role for Housing Customer Service Team, or Repairs Team, or Major Works or another department within Housing to support. We need to inspect the issue a bit more to understand what communications residents need more of.

Examples of questions for residents and associations to discuss:

#### **Our questions about 'poor communication':**

We recognise that communication is a vitally important issue for residents' associations to function. But also, we point out that 'Communication' is a very broad subject. To begin to answer how communication could be improved, we could look at:

- How do different associations request information about progress and action from Housing?
- What sorts of updates from Housing are residents' associations hoping for?
- Communications with whom and about what? Is it a particular team or part of the service that residents don't hear from?
- Is it about use of different communication channels, (e.g., Homeing In, letters received, email and phone, social media) Is it a particular method of communicating that is or is not working?
- What ideas associations have on how better communications could work?

**Our questions about 'poor consultation':**

This resident's question describes consultation as poor. We need to look into what is meant by this, who is unhappy with this, to be able to understand and look at how to make improvements

- Are residents thinking of a specific consultation or several?
- What is residents experience of consultation?
- What is poor about those consultations? Is it the publicity, timing, questions asked, feedback at the end, amount of consultation?

**Being organised and tracking information and communication:**

As part of the solution for Residents Associations, there might also be tools or skills to help groups keep track of issues raised over time. It is understandable that information can get lost or dropped when there might be multiple and complex issues being worked on between a group of people. Having a clear record of communications sent, received and actions taken over time, with dates, is useful to trace issues and when making further complaints.

**Use of established processes including Corporate Complaints process:**

The Involvement & Empowerment Group regularly comment on the development of the *Tenants & Residents Groups Toolkit*, (working title) which will be a support resource for groups. It will include sections about how-to-get-stuff-done, about all the channels for communications, what to expect and how to make complaints when things don't work.

### E3.1

<b>Issue</b>	Resident representatives have not seen improvement to response or action rates of Council officers to issues that they have raised in their areas.
<b>Background</b>	<p>In Woodingdean, Justine Harris (BHCC) did an estate inspection with resident representatives on 9<sup>th</sup> June following the East Area Panel meeting. Reps were assured that issues would be followed up. However, there has been no follow-up communication or action, in spite of reps chasing this up multiple times.</p> <p>The Leaseholders Action Group reported that they have been trying to arrange a meeting date with Martin Reid and Geof Gage, but there has been no response from them.</p>
<b>Request or Question</b>	Resident reps request a response from officers to their emails and phone calls within 10 working days, and that issues are actioned within a reasonable timeframe.
<b>Response</b>	<p>After the estate inspection at Woodingdean, Justine Harris has been following up the issues that were raised and will give a verbal update at Area Panel.</p> <p>With regard to arranging meetings with resident groups, in this case LAG, these meetings are managed and arranged by the Community Engagement team who facilitate these and arrange with appropriate officers, we understand that this meeting has now been scheduled for 8<sup>th</sup> August.</p> <p>At all times we do aim to respond to emails and calls from resident reps within 10 working days.</p>

	<p><b>Note from Community Engagement Team (Hannah Barker, Senior Community Engagement Officer)</b></p> <p>We recognise that issues around communication have also been raised by Central and West resident only meetings this round. Therefore, we ask residents to refer to responses to questions C3.5 and W3.1. We also welcome East Area residents to attend the Involvement &amp; Empowerment Group meeting for tenants &amp; leaseholders, where we will look at issues around communication together, in more detail.</p> <p>Contact the team on 01273 291518 or <a href="mailto:communityengagement@brighton-hove.gov.uk">communityengagement@brighton-hove.gov.uk</a> for information.</p>

### E3.2 Question & Response

<b>Issue</b>	<p>Residents are frustrated that they spend inordinate amounts of time and energy reporting and chasing up on issues. When issues such as repairs, missed rubbish collections and maintenance issues in communal areas are reported through the normal channels, these don't get actioned. It is the Council's responsibility to maintain its properties to a decent standard. However, estates are regularly left in states of disrepair and neglect, affecting residents' morale and negatively impacting on individuals' mental health and the well-being of the community more broadly.</p>
--------------	---

<p><b>Background</b></p>	<p>In Woodingdean, a tenant has reported damage to a roof gable on their property 6 times. The repair has not yet taken place, and further damage has been caused to the property as a result due to water ingress. The resident keeps being told that repairs can't be done due to staff shortage. In North Whitehawk, a resident reported that a communal window at Linchmere required cleaning due to stains from eggs being thrown at it. The resident chased this up multiple times via the regular reporting routes. She was eventually told by Council staff that the cleaning of windows could not be done as it was too expensive because scaffolding would need to be put up. However, the resident received quotes from commercial window cleaners at less than £50 for the service. The communal window was finally cleaned after 2 years of chasing up, and only after the resident raised it at Area Panel. The resident has since received a Council pamphlet for leaseholders which clearly states that the Council is responsible for the cleaning of communal windows.</p> <p>At Linchmere, North Whitehawk: there are frequent missed rubbish collections and not enough bins to serve a building containing 25 flats. This means that there are frequently overflowing bins and rubbish strewn everywhere. Additional bins have been requested but have not been supplied.</p> <p>At Blackdown Flats, North Whitehawk: there has been a flickering light in the corridor for over a month, but nobody has come to fix the bulb.</p> <p>At Robert Lodge, the communal gardens and pathways were overgrown. Residents have been chasing this issue up for months. The overgrown trees in the garden were finally trimmed back, but the workers left a mess in the garden, and the overgrowing brambles and bushes along the paths were missed.</p> <p>At Robert Lodge, a repair was made to a shower pump but the plastic cover got broken in the process. The resident was initially told the cover would be replaced the next day, but has now been informed she would have to wait until 28<sup>th</sup> September. The same resident reported a flashing lightbulb on one of the light fixtures but no investigations have yet been made to the potentially faulty electrics. Another resident reported waiting 2 months for lights to be replaced in her bathroom. They were informed that the delay to repairs is due to the backlog caused by Covid.</p>
<p><b>Request or Question</b></p>	<p>It was agreed to raise this at all Area Panels.</p> <ul style="list-style-type: none"> <li>• Residents request regular (ideally fortnightly) estate inspections so that maintenance issues affecting communal areas can be identified in a timely manner and fixed quickly.</li> <li>• Residents are paying towards the maintenance service of communal areas, but the service is substandard: residents would like to know how is this money being allocated and used.</li> <li>• Residents want a reliable, simple and streamlined service from the Council, through which repairs and communal maintenance issues can be resolved in a timely fashion. The current process is inaccessible, convoluted, lacks clarity and takes too much time. Resident reps request a meeting with Senior officers to discuss what the problems are and how things could be improved.</li> </ul>

<b>Response</b>	<p><b>Residents request regular (ideally fortnightly) estate inspections so that maintenance issues affecting communal areas can be identified in a timely manner and fixed quickly.</b></p> <p>1. Following our series of walks under the pilot we have reviewed the outcomes and are planning to introduce a 2-year programme to cover our housing estates. This work is in progress, we aim to start the estate inspections in October 2023 and are working towards publishing the schedule online. We will return to Area Panels with an update before publishing details on the website. Tenant reps will be invited to take part in the inspections.</p> <p><b>Residents are paying towards the maintenance service of communal areas, but the service is substandard: residents would like to know how is this money being allocated and used.</b></p> <p>2. A presentation was given to area panels in December 2022. This presentation outlined the proposed Housing spend in 2023/24 and how this is distributed between the different service areas. Approximately, 10% of total revenue expenditure £6m goes directly to the day-to-day repair of your homes. In addition, 85% of capital expenditure £25m goes to planned maintenance and improvement schemes designed to improve the quality of homes. These capital schemes include new windows, doors roof replacements, external works and decoration.</p> <p><b>Residents want a reliable, simple and streamlined service from the Council, through which repairs and communal maintenance issues can be resolved in a timely fashion. The current process is inaccessible, convoluted, lacks clarity and takes too much time. Resident reps request a meeting with Senior officers to discuss what the problems are and how things could be improved.</b></p> <p>3. Repairs can be reported to us in a number of ways. We have direct phone line to the repairs team. Repairs can be booked between 8am and 5pm Monday to Friday. Outside of these hours emergency repairs can be booked on the same phone line. Tenants can email us with repair requests which again comes to a monitored inbox in the repairs team. Alternatively, tenants can order and monitor repairs through the Housing online system provided they have signed up and have a Housing Account. In the year up to April 2023 the repairs help desk received 82,030 calls. We answered first time 69,333 or 85% of these calls. In the same year we completed 114,045 email exchanges through our repair's inbox. These figures demonstrate a high volume of calls and emails being handled by the team each year. Based on surveys with tenants the service achieved 98% customer satisfaction.</p>
-----------------	---

	However, we are always keen to improve and would be more than happy for a Snr Member of the team to meet with Residents Reps to understand their concerns and investigate alternative methods for tenants to contact us.
<b>Action</b>	Introduce a 2 year programme of Estate Walks.

### E3.3 Question & Response

<b>Issue</b>	Contractors brought in to do major works are frequently not suited to carrying out works to occupied residential properties and are not sufficiently respectful of the residents they are doing the work for.
<b>Background</b>	<p>A resident of Craven Vale reported various issues with the contractors taken on to carry out the window replacement works.</p> <ul style="list-style-type: none"> <li>• They don't arrive at the time that they are expected</li> <li>• They fit glass that is already broken, with the expectation that they will return another day to refit this</li> <li>• The quality of materials fitted is sub-standard</li> <li>• They expect residents to take further time off work to accommodate multiple visits</li> <li>• They do not clean up the mess they make on site</li> <li>• They treat the place like a building site, without regard for residents living in the property and living in the surrounding area.</li> </ul>

	Contractors who are trained to work on building sites of commercial properties, rather than within occupied residential properties, lack an understanding of how to work with residents while carrying out the works.
<b>Request or Question</b>	<p>It was agreed to raise this at all Area Panels.</p> <ul style="list-style-type: none"> <li>• Residents request that reliable contractors are used for major works, who have a proven track record of working in occupied residential properties and are experienced in working with, and are respectful of, residents (who are their clients).</li> <li>• Residents request that Brighton &amp; Hove-based firms and contractors, with the right experience, are used wherever possible.</li> <li>• Residents request that the Council ensure that the materials, fixtures and fittings used for major works are of good quality and have adequate warranty periods.</li> </ul>
<b>Response</b>	<ol style="list-style-type: none"> <li>1. Our framework of contractors has been agreed and is monitored by our project managers and also through core group meetings with the contractors on a monthly basis. This will include overall performance to meet KPIs and general aspects of the contract and any issues raised are taken forward accordingly.</li> <li>2. All contractors appointed to our contracts have the relevant experience and expertise in the field in which they are appointed and the process of appointment is rigorous and meets procurement requirements. The contracts are open to all companies which includes local businesses and are vetted and evaluated and only companies who meet the strict criteria are appointed.</li> <li>3. #### E3.4 - Unaffordable parking in areas of high deprivation

#### E3.4 Question & Response

<b>Issue</b>	<p>The planned increase in parking charges disproportionately affects Council tenants and residents, those living in areas of high deprivation and low-income households.</p> <p>There are various issues with visitors' parking permits (see details below)</p>
<b>Background</b>	<p><i>A full letter was submitted by Ben d'Montigny (BELTA) and is appended to these minutes for reference.</i></p> <p>Residents are concerned that an increase in parking charges will adversely affect residents in their area (and other areas of high deprivation), many of whom are vulnerable, socially isolated and already struggling with the cost-of-living crisis. It was noted that excessive parking charges will also make it financially unviable for volunteers travelling to the area to provide key outreach services in the community (e.g. Bristol Estate Community Centre), as well as staff working at the hospital.</p> <p><i>Visitors' parking permits:</i></p> <p>The limit of 50 visitors' parking permits per household means that socially isolated and vulnerable residents are unable to accommodate visitors as frequently, particularly if on-street parking charges are increased and visitors are unable to afford parking. This impacts negatively on the mental health and well-being of such residents, further increasing social isolation.</p> <p>Community assets, such as community centres, are unable to acquire visitors' parking permits. Volunteers are therefore having to pay for parking out of pocket, or pass the cost of parking on to community centres, which are run on a shoe-string budget. This threatens the existence of community centres and community activities which are a lifeline to local residents.</p> <p>The process of obtaining visitors' parking permits is difficult and requires excessive and unnecessary levels of verification.</p>
<b>Request or Question</b>	<p>It was agreed to raise this at all Area Panels.</p> <ul style="list-style-type: none"> <li>Residents request that the Council reconsider the increase in parking charges in the city, taking on board issues and concerns raised above.</li> <li>Residents request that the visitors' parking permit purchase process be streamlined, removing the need for excessive proof of address</li> </ul>

	<ul style="list-style-type: none"> <li>Residents request that community centres and other community assets become eligible for applying for visitors' parking permits</li> <li>Residents request that the maximum number of visitors' parking permits is increased</li> </ul>
<b>Response</b>	<p>Parking charges are set by Councillors and at the last Transport &amp; Sustainability Committee meeting, the Committee agreed to pause some of the tariff increases previously agreed.</p> <p>The visitor parking permit purchase process is being reviewed with a view to streamlining the process. This is a technical piece of work but work has started on this.</p>
<b>Action</b>	Review of visitor parking purchase process.

#### E3.5 - Fire alarm check at Robert Lodge

#### E3.5 Question & Response

<b>Issue</b>	A contractor came to inspect the fire alarm system at Robert Lodge Meeting Rooms, but the resident reps (and key holder for the building) were not informed that this was happening. The contractor had not been given the contact number and name of the key-holder.
<b>Background</b>	N/A

<b>Request or Question</b>	<p>It was agreed to raise this at all Area Panels.</p> <ul style="list-style-type: none"> <li>• Why was the fire alarm contractor not given the contact details of the resident reps and key-holders of the building he was scheduled to inspect?</li> <li>• Why were resident reps not informed that this fire alarm check was scheduled to happen?</li> </ul>
<b>Response</b>	<p>All BHCC Fire Alarm panels are checked quarterly and a check of every detector and sounder is made over the course of the four visits over the year.</p> <p>The contractor is given a fair amount of autonomy as to when these assets are checked. This enables the contractor to run their operations efficiently and give BHCC value for money. With this in mind, it is difficult to call ahead and give notice for access to all areas.</p>
<b>Action</b>	<p>If we could have a copy of the key to enable ongoing access to these areas without the need to inconvenience the Resident Rep this would be useful. If this is not possible we will endeavour to try to give the contractor up to date contact details for access to such areas. This does rely on BHCC's Tenancy Management system, NEC Housing, having up to date info of who and how to contact for access to these areas and as such request that this info is volunteered for adding to NEC Housing.</p>

### N3.1 Question & Response

<p><b>Issue</b></p>	<p>The city's public footpaths and pathways are overgrown with weeds, brambles, bushes and trees (raised also at North Area RO meeting of 19<sup>th</sup> December 2022)</p>
<p><b>Background</b></p>	<p>Hollingdean residents reported that the weeds are overgrowing on the streets/pavements in their area, particularly Davey Drive and Tavistock Down.</p> <p>Bates Estate residents reported that there are various footpaths and pathways in their area that are overgrown with brambles, bushes and trees, which are preventing people from being able to walk through safely, including people with mobility issues and pushchairs.</p> <p>Residents of Parkmead and Coldean also reported that their areas are affected.</p> <p>It was noted that the central reservation on the Lewes Road is also overgrown.</p> <p>Residents have also observed that when jobs such as cutting the grass or cutting back overgrown areas do get done, they are half done (only one half of the path is cleared, for example).</p>
<p><b>Request or Question</b></p>	<ul style="list-style-type: none"> <li>• When will weeding/cutting back of overgrown footpaths happen in Hollingdean, Bates Estate, Coldean and Parkmead?</li> <li>• Why is the maintenance of the city's streets, footpaths and pavements not taking place as frequently as needed?</li> <li>• Does the Council have plans in place to ensure that this service is improved in future?</li> <li>• What is the maintenance schedule for the North area for weeding and cutting back of overgrown footpaths? How frequently are weeding, grass-cutting, and cutting back of overgrown footpaths scheduled to happen in the North area?</li> <li>• Outside of scheduled maintenance, how do residents report areas requiring attention to the Council, in order to get this actioned as quickly as possible?</li> </ul>
<p><b>Response</b></p>	<p>In 2019, the council stopped using pesticides to remove weeds from the city's streets. Since this time, the Street Cleansing Team have worked hard to remove weeds manually however, this takes much longer than weed spraying.</p> <p>The council has invested in additional staff and equipment, such as trimmers and weed rippers, however, there will be more weeds on the pavements without the use of pesticides.</p> <p>Cityclean is piloting a new traffic light system to address reports of weeds that cause a trip hazard, access issues or are damaging the pavement</p>

	<p>and these weeds will be prioritised for removal. Cityclean continue to review new technology to improve street maintenance. A report will be presented to the City Environment, South Downs &amp; The Sea Committee in the winter, before the new season next year, with options for future weed removal</p> <p>There is a Street Cleansing Operative allocated to the Coldean area who is carrying out weeding. The Operative is in this area every other week as this is a two-week area - the other area being Hollingbury. The dedicated weeding crew will be moving to the Coldean area towards the end of September.</p> <p>The Hollingdean area is currently covered by two operatives, where they are slowly working their way through the weeding.</p> <p>It is not possible to provide a timescale for Bates Estate at this moment in time as the crew are used to concentrate on Red zone areas as well (traffic light system). As it is an estate, it could be possible that the Estates Team may assist with some of the deep cleaning and weeding and Cityclean will contact Housing colleagues to ask for support.</p> <p>The footpaths and pavements are being completed as frequently as possible bearing in mind the size of the East and West areas, with the number of teams in operation and the manual methods being used.</p> <p>The council and Street Cleansing Team are always looking for the most efficient way of clearing weeds. However, without the use of pesticide, most methods are usually physical ways of clearing the weeds, which in turn can be time consuming. The service uses weed ripping machines, trimmers and other tools and methods to clear the weeds.</p> <p>If the weeds are causing blocked access, trip hazard or damaging the highway these can be reported through the Environment Contact Centre. On receiving the complaint, Cityclean supervisors check the area concerned, take photos and make an assessment on how quick the Street Cleansing Team need to respond to the complaint using the traffic light system prioritising weeds causing blocked access, trip hazard or damaging the highway infrastructure.</p>
<b>Action</b>	Please see notes above.

### N3.3 Question & Response

<b>Issue</b>	The criteria for eligibility for internal decoration scheme excludes tenants on low incomes who are not on benefits.
<b>Background</b>	A tenant at Bates Estate has discovered that they are not eligible for the internal decorating scheme because they are not on benefits. Residents felt that the criteria for eligibility should be wider.
<b>Request or Question</b>	<ul style="list-style-type: none"> <li>• Why is the criteria to be eligible for the Internal Decoration Scheme so narrow?</li> <li>• Can the Council reconsider their policy to ensure that low-income tenants who are not on benefits are able to apply to the scheme?</li> </ul>
<b>Response</b>	<p>The criteria for the internal decorating scheme was agreed at committee level and restrictions were brought in to try and ensure the scheme meets the needs of those residents who need the help the most.</p> <p>We are reviewing what discretionary help is available to tenancy and how it is accessed as part of the review of Tenancy Services.</p>

### N3.4 Question & Response

<b>Issue</b>	Regular maintenance of communal areas (cleaning, gardening) is not taking place frequently enough, or is being done poorly.
<b>Background</b>	<p>Tenants are paying for this service through their rent. However, communal areas are being neglected.</p> <p><b>Parkmead:</b> Residents have reported that gardens are overgrown and cleaning is not being done regularly enough.</p> <p><b>Sylvan Hall:</b> Residents at The Pines reported that there have been repeated instances of the floors being mopped only once, and left very wet. One of the residents slipped on this wet floor and was injured. This is a health and safety hazard.</p> <p>Additionally, the existing "Caution: wet floor" A-signs are broken in 7 different blocks. These broken panels are left propped up against the walls 24/7. Residents cannot easily see these signs when they are positioned like this. Furthermore, the propped-up signs slip down onto the wet floor, posing a further health and safety hazard. Estate services has been contacted but the resident rep was told that these broken signs were too expensive to replace.</p>
<b>Request or Question</b>	<ul style="list-style-type: none"> <li>• What is the maintenance and cleaning schedule for the communal spaces in North area?</li> <li>• How often is this maintenance and cleaning schedule not met in the North and what is the council going to do to improve the service?</li> <li>• When can residents at Sylvan Hall and Parkmead expect a regular and decent maintenance service to resume?</li> <li>• Residents at Sylvan Hall request new "Caution: wet floor" signage for all their blocks.</li> </ul>
<b>Response</b>	This question has been resolved following a resident's complaint. New wet floor signs have been ordered and put out across the blocks. The

	cleaner has been instructed that they need to be taken away at the end of each cleaning day. The cleaner has also been reminded that the floors need to be left as dry as possible to avoid slips and falls. These blocks are cleaned once a week including sweeping, mopping, dusting and internal glazing being cleaned. Litter-picks are also carried out and bin areas kept clean and tidy.

<b>Officer job title</b>	Senior Community Engagement Officer

### N3.5 Question

<b>Issue</b>	Approved bids/projects take a long time to get started. There is also a lack of clarity about what can or can't be applied for.
<b>Background</b>	In Coldean, EDB bids for a handrail and steps to be put in at 39 Acres, and for noticeboards to be put up in the area, were approved over a year ago. However, the work has yet to happen, and residents have not heard back to know when these improvement works are due to take place. There is confusion amongst residents about what items can be applied for under EDB, and what can't. Some residents were informed that fencing was approved in Whitehawk, whereas they have previously been told that fencing cannot be applied for.
<b>Request or Question</b>	<ul style="list-style-type: none"> <li>• What is the process that EDB projects go through, from point of approval to completion? Who project manages these EDB bids to ensure that these are done?</li> </ul>

	<ul style="list-style-type: none"> <li>• When a project is complex or there are delays, how can the council ensure the communities are made aware of any updates?</li> <li>• Is there a timeframe in which approved EDB projects are meant to be implemented by the Council?</li> <li>• Can the Council provide a list of EDB projects approved in 2021-22 and 2022-23 that are still outstanding?</li> </ul>
--	---

**N3.5 Response**

Thank you for your question, the Coldean Independents bid to install a handrail, new steps and a bench was approved in October 2022, unfortunately this has not yet been given a start date, but we will inform the independents group as soon as we have an update. There is information on the council's website on how to apply to the Estate Development Budget (EDB) as well as what it can be used to fund.

**[www.brighton-hove.gov.uk/estate-development-budget](http://www.brighton-hove.gov.uk/estate-development-budget)**

For anyone who is not able to access this information, the Community Engagement Team would be happy to discuss any EDB project ideas and give advice on feasibility, please do let us know if you would like to discuss a project in more detail in a face-to-face meeting or over the phone. Please note that there is a new dedicated email address for anyone making enquiries about EDB which is **edb@brighton-hove.gov.uk**, but please be reassured that any enquiries which come to the general team inbox (communityengagement@brighton-hove.gov.uk) will be picked up by our EDB Officer.

**Process for EDB projects:**

**Bid Approval**

In some instances, the panel meetings can give approval on principal to a project; this means that the works will go ahead, or funding released as long as some additional information is provided, or changes are made to the project based on the panel's feedback. If there is feedback for the bidder to consider, their Community Engagement Officer will get in touch with them to help them decide how to proceed.

**Communications**

It is the lead bidder's responsibility for passing on any further information to their community relating to the bid. The lead bidders are those whose contact details are on the bid form. Once a bid is approved, the EDB officer updates the lead bidders, and forwards any feedback from the decision-making meeting to them. The Delivery team will also inform bidders about start date of works, or progress or delays reports.

**Arranging works**

If there are physical works to be carried out, the EDB Officer notifies the Delivery Team of the funding being awarded. The works are then programmed into the schedule for the financial year. The Delivery Team then plans the works, contacts the bidders to inform them of a start date and updates with any progress or delays, liaising with the Community Engagement Officer and the EDB Officer to ensure works go ahead as planned.

If the successful bid is waiting on a funds transfer, the EDB Officer completes this transaction with the account information provided by the bidder.

**Project management is joint between EDB Officer and Delivery Team:**

There is no Project Manager who is leading on agreed bids. The bids are coordinated by the EDB Officer who ensures projects are recorded, feasibility checks are carried out by

the appropriate teams and the information is available for the decision-making panels, as well as administrating the meetings themselves and being a point of contact for residents enquiring about their bids. The Delivery Team schedules works and manages communications with bidders as well as updating the Community Engagement Team with progress.

**Timeframe:**

The aim is for each project to be completed by the end of the financial year; however, this is not always possible. Where there are issues around works being undertaken within that timeframe, if funding hasn't yet been released, it will be retained into the new financial year to allow for it to be started as quickly as possible. If funding has been released or if works started, the Delivery Team will continue to work on a project to ensure that it is completed as quickly as possible.

**Complex projects and delays:**

In the case of complex projects, or those which are delayed for any reason, the Delivery Team updates the bidder and stays in touch with them until the project is complete. The EDB Panel also regularly receive updates and discuss ways forward for projects which are 'stuck' with the Delivery Team, EDB Officer and Senior Community Engagement Officer.

In the past few months, the number of projects delayed has increased, this is due to the Delivery Team devoting their resources to reducing the repairs and maintenance backlog. Unfortunately, this has had an impact on the completion of EDB projects, including the Coldean Independents bid for noticeboards, of which the EDB Panel has been made aware and updated on over the past few months.

**Suggested solution to help speed up project delivery**

The Community Engagement Team and the Procurement Team are working on a solution to this, which will be a procurement process where small contractors will be offered the EDB works which are outstanding, taking on projects which fall under their speciality, e.g. gardening, painting and decorating, building works, etc. The aim is for these providers to take on all the outstanding bids, ensuring projects are completed as quickly as possible, giving the Delivery Team more capacity to complete urgent repairs and maintenance work.

**Fencing**

Apologies for any confusion around whether EDB funds can be used for fencing. While individual fencing, that is fencing in gardens of houses, cannot be funded through EDB, fencing around communal areas can. Housing will work with tenants who have requested fencing to their property on a case-by-case basis.

**N3.5 Actions**

<b>Action</b>	<ul style="list-style-type: none"> <li>• Community Engagement Team to update the Area Panel on the progress made in implementing a new procurement process to ensure outstanding projects are taken on by new contractors as quickly as possible.</li> <li>• Include list of outstanding EDB projects approved between 2021 and 2023 (see report in appendix)</li> </ul>

### N3.6 Question & Response

<b>Issue</b>	Residents value Estate walks and would like these to happen more regularly.
<b>Background</b>	N/A
<b>Request or Question</b>	<ul style="list-style-type: none"> <li>• When are the next estate inspections scheduled to happen in the North area?</li> <li>• How frequently are these due to take place?</li> </ul>
<b>Response</b>	Following our series of walks under the pilot we have reviewed the outcomes and are planning to introduce a 2-year programme to cover our housing estates. This work is in progress, we aim to start the estate inspections in October 2023 and are working towards publishing the schedule online. We will return to Area Panels with an update before publishing details on the website. Tenant reps will be invited to take part in the inspections.
<b>Action</b>	Introduce a 2 year programme of Estate Walks.

<b>Name of officer responding</b>	Alex Dickie
<b>Officer job title</b>	Operations Manager - Housing Adaptations
<b>Contact Details</b>	alex.dickie@brighton-hove.gov.uk

### N3.7 Question & Response

<b>Issue</b>	Adaptations to Council housing are not happening fast enough
<b>Background</b>	Residents with health and mobility issues are waiting a long time for adaptations to their Council properties. This is posing a danger to their health and well-being and impacting the quality of their daily lives. It is also putting pressure on external services such as the fire brigade. Example given: Leach Court sheltered housing scheme – a tenant was unable to get out of the bath 4 times because the correct adaptations had not been made. The fire brigade had to be called out on all occasions.
<b>Request or Question</b>	<ul style="list-style-type: none"> <li>• What is the expected length of time that tenants have to wait for adaptations to be put in place?</li> <li>• How many requests for adaptations have been made across the city in the past year, and what percentage are still waiting to take place?</li> <li>• What is the council's policy on keeping adaptations in homes if they are in good condition?</li> </ul>
<b>Response</b>	There is high and rising demand for adaptations and a waiting list for assessment. All new cases are triaged and the most urgent cases are prioritised to be seen quickly. This means some less urgent cases can take up to 8 months to be seen by an occupational therapist. Current time following assessment averages 8 weeks until the work is ordered. To reduce waiting times a pilot scheme to provide straightforward bath replacement level access shower without further assessment is in

	<p>progress. Furthermore, additional temporary staff are in post to reduce the list.</p> <p>In the period 1 Aug 2022 – 31 July 2023 there were 410 requests for adaptations, of which 186 (45%) have been completed. Therefore, 224 (55%) are still in progress.</p> <p>The Council will always try to maintain adaptations in situ though it should be noted that level access showers have a limited life and there is often a preference for a bath from new tenants, especially in family homes.</p>

### W3.1 Question

<b>Issue</b>	<p>West residents are proposing a meeting to discuss on-going concerns about consultation and communication with residents. They are requesting a city-wide meeting with residents from all four Areas, Councillors and Council officers. The focus of this discussion is listening to residents' concerns and allowing enough time for residents to put this forward. Its aim is to be a wide-ranging exploratory discussion, which helps progress the issue in a constructive direction.</p> <p>Representatives from each Area should be involved in the process of working out the structure and content of the meeting.</p>
<b>Background</b>	<p>Issues about communication and consultation are consistently raised at all of the Resident Only meetings. These get responses at Area Panel but are never discussed in depth or resolved and keep coming up again. This process has begun to feel circular and unconstructive and West residents thought a new approach was needed.</p>

	<p>West residents noted the response at the June Area Panel to an item from North, which began: 'We're sorry that you feel that there is a lack of communication with residents. This implies it is something residents feel, rather than something that is actually happening. Residents' concerns need to be taken seriously and addressed - a meeting would be part of this process.</p>
<p><b>Request or Question</b></p>	<p>Request for the Community Engagement Team to organise a meeting on communication and consultation. The focus of the proposed meeting is to listen to residents' concerns and allow enough time for residents to put these forward.</p> <p>Each Area to be asked to nominate two representatives to help organise the meeting.</p> <p>It was agreed that Muriel Briault and Pat Weller would be the West representatives and contacts for the Community Engagement Team.</p>

### W3.1 Response

#### **Overview of Response:**

**This response is written alongside other resident's questions, C3.6 and E3.1, which also raise issues around communications.**

- We will work with the Involvement & Empowerment Group to look in more detail at the issue as a next step and report back to Area Panel.
- The preparation to comply with the new Social Housing Regulator includes ensuring high standards of communications and consultation for residents.

#### **Detail of Response:**

##### **We do not have capacity currently to organise an additional meeting**

The Area Panel Terms of Reference supports this request for a short-term focus meeting, depending on capacity:

However, in terms of '*available resources and competing priorities*', we would like residents to note that preparation for the Social Housing Regulation Act and Regulators inspections, for Housing and the Community Engagement Teams is very pressing; in the short term.

##### **Social Housing Regulator**

Work is ongoing relating to standards of communications and consultation across many areas of Housing and Engagement. This is part of the intensive work in preparation for the Regulator inspections. The Regulator requires Housing to publish their Engagement Plan by April 2024, which will address issues relating to communication and consultation.

For example, the Regulator will be measuring the council against Consumer Standards. One of the draft Consumer Standards, set by the government, which relates to communication and consultation says:

*The Transparency, Influence and Accountability Standard – requires landlords to be open with tenants and treat them with fairness and respect so that tenants can access services, raise complaints, when necessary, influence decision making and hold their landlord to account.*

### **The Involvement & Empowerment Group**

We suggest that instead of establishing a separate time limited focus group on the topic of consultation and communication, this item is included in the action plan and work of the existing Involvement & Empowerment Group (I & E). The resident chair of the group, Chris El Shabbah agrees these issues fit within the remit of the group.

The next I&E meeting is on 25<sup>th</sup> October. 3 residents who helped draw up this question attend this meeting already. Pat, and anyone else, are very welcome. At this meeting we can decide what next steps to take in relation to communication and consultation.

The I&E forum is a good place for the question to be explored in more detail, over some time, because it sits alongside other related work that this group are looking at. For example, the Tenants & Residents Groups Toolkit includes supporting groups around communications and consultation.

I appreciate talking with Muriel and Roy, (Resident-only West co-chair and area Panel Vice Chair) to understand the issue in more detail. We will take these things to the Involvement & Empowerment Group.

- The need to have more time to dig into residents' questions responses, either at or outside of Area Panel.
- Lack of response from Housing on reports regarding estates

**We disagree with the background statement supplied, “Issues about communication and consultation are consistently raised at all of the Resident Only meetings”**

We looked at 11 rounds of Area Panel and the 44 Resident Only Meetings which took place, across all 4 areas, between August 2021 to Sept 2023. During that time there were 13 Questions (not including this one) with ‘communication’ or ‘consultation’ in the title. The total number of residents questions over this time was 191 questions, so approx. 6.9% of questions were about communications or consultation in any way.

W3.2	Sep-23	Laundry review & consultation
C3.6	Sep-23	Communication and Consultation
E3.1	Sep-23	Poor Communication from Senior Council Officers
E3.1	Jun-23	Council staff lack of responsiveness
W3.5	Jun-23	Working with residents: What does consultation mean?
C3.3	Jun-23	Lack of response from Officers
N3.2	Jun-23	Poor Council Communication
C3.6	Feb-23	Improving Communication with Council
N2.2	Oct-22	Parking consultation in Hollingdean

W2.2	Feb-22	Response to service requests and queries
W3.2	Feb-22	Area Panel Review and time for consultation
W3.2	Dec-21	Communications between Council and residents
N3.3	Aug-21	EDB - Communication

This does not show that residents are consistently raising this issue at all resident only meetings. It also does not show whether the majority residents were happy or unhappy with the response given.

However, we are aware that communications and consultation are vitally important for both Housing and the Engagement Team; communications and consultation are fundamental to our work. We also want our Residents Questions process to work better.

#### W3.1 Action

<b>Action</b>	Involvement & Empowerment Group to pick this up as part of the agenda of the next meeting, including: - How can residents question responses be better served, discussed and lead to resolution?

#### W3.2 Question & Response

<b>Issue</b>	Agreements at Area Panel to follow up on the laundry review consultation with Philip Court were not kept. The meeting asked for the following concrete example of poor communication and lack of response to be noted.
<b>Background</b>	

	<p><b>15/12/22:</b> <i>West Resident only meeting, Item 18, 'Working with residents':</i> Proposals around the laundry at Philip Court was given as an example of 'top down' consultation, where residents are informed of solutions rather than engaged in a joint process of discussion and development from the beginning. This went as a 3-star item to the February 2023 West Area Panel.</p> <p><b>15/2/23:</b> <i>West Area Panel, ref W3.6, Working with Residents:</i> The officer response to the item from the West Resident Only meeting included:</p> <ol style="list-style-type: none"> <li>a. Housing will bring a laundry review paper to the next Area Panel (Jun 2023).</li> <li>b. The Community Engagement Manager will speak to housing officers and residents to understand what happened with the Philip Court Laundry room consultation.</li> </ol> <p><b>23/3/23:</b> <i>West Resident Only meeting, item 7: Working with residents: what does consultation mean?</i> This meeting noted that Philip Court had not yet been contacted about the laundry review. Concerns were again raised that the laundry review paper scheduled for June 2023 Area Panel would not have the views and experiences of the people using this service as its starting point. This went as a 3-star item to the June 2023 West Area panel.</p> <p><b>16/6/23:</b> <i>June West Area Panel</i> Philip Court had still not been contacted about the laundry review. The laundry review paper scheduled for Area Panels in June was not on the agenda and there was no communication or explanation about this.</p> <p><b>29/6/23:</b> <i>West Residents Only meeting</i> Philip Court had still not been contacted about the laundry review.</p>
<b>Request or Question</b>	<p>Graham Dawson to contact Sam Warren, Community Engagement Manager, to follow up on consultation about the laundry review at Philip Court.</p> <p>Item to go to Area Panels as a concrete example of poor communication and consultation.</p>
<b>Response</b>	<p>The consultation has not started to date. The concerns of the West Area Panel meeting on the 23/3/23 have been noted, and we would like to assure the Panel that the views and experiences of the people using the laundry service will be important to the review. A start date for a comprehensive resident consultation has yet to be decided. Although, not included in the June Area Panel, the laundry service review is ongoing and will involve input from residents.</p>
<b>Action</b>	<p>When the starting date for the consultation is confirmed, we will inform Panel. The detail of the consultation plan, regarding the residents involved, the information sought and a variety of ways in which residents</p>

	can share their experiences and views, will also be communicated to Panel. We would of course welcome any additional input from Panel at this point.

<b>Name of officer responding</b>	Melissa Francis
<b>Officer job title</b>	Head of City Clean
<b>Contact Details</b>	melissa.francis@brighton-hove.gov.uk

### W3.3 Question & Response

<b>Issue</b>	Contractors employed by the Council to clear weeds from pavements and grass areas are not doing their jobs properly. The Council needs to be checking and monitoring this work.
<b>Background</b>	Contractors were observed in Godwin Road over several hours on the 14 <sup>th</sup> June 2023. They had a Brighton & Hove City Council van. There was no evidence that any weeding or maintenance was being done, or any signs afterwards that any weeds had been cleared.
<b>Request or Question</b>	Ask the Council to ensure there are checks and monitoring of the work done by contractors on weeding and grass cutting.
<b>Response</b>	The Council has not engaged contractors to clear weeds. Records were checked to ascertain whether Council staff were working in this area on 14 <sup>th</sup> June 2023 and there were no staff recorded as working from Cityclean or Cityparks in Godwin Road.
<b>Action</b>	No further action.

<b>Name of officer responding</b>	Sarah Carlisle
<b>Officer job title</b>	Operations Manager, City Environment (Cityclean & Cityparks)
<b>Contact Details</b>	sarah.carlisle@brighton-hove.gov.uk

#### W3.4 Question & Response

<b>Issue</b>	<p>There is a lot of work to be done to get pavements weeded and cleared and grass areas mown so they are at a safe and accessible standard. There is also work needed to ensure that a better service is provided in the future, preventing these problems from arising.</p>
<b>Background</b>	<p>West residents have consistently raised concerns about grass-cutting and weeding. This is an important issue because blocked pavements and overgrown areas limit accessibility and create health and safety hazards. This is particularly hard for residents with any mobility difficulties. It has made it impossible for some wheelchair users to move around their local area. A number of specific complaints were raised about neglected areas, which residents will follow up with local Councillors.</p>
<b>Request or Question</b>	<p>West residents want a commitment to a better service as a fundamental provision from the Council, as paid for out of rents and council tax. This includes:</p> <ul style="list-style-type: none"> <li>• Regular mowing and weeding uniformly across all areas (not just the tourist and central parts of the city).</li> <li>• Proper clearing up after mowing: insuring that wet grass is not going to cause a hazard.</li> <li>• Work done systematically and fully – eg not leaving half an area uncut or missing a section out altogether.</li> </ul>

	<ul style="list-style-type: none"> <li>• Refunds if work is not done.</li> </ul>
<b>Response</b>	<p>We're sorry that you have concerns about the grass-cutting and weeding. We have had weather that has meant rapid growth both for grass and shrubs. We are on schedule with grass cutting to those sites we can access. We have commenced hedge trimming &amp; shrub pruning and are working our way through sites currently.</p> <p>Any complaints received on Housing sites by Cllrs that come under City Parks contract have been addressed to date.</p> <p>The Ride on mower is quicker than the pedestrian follow up (mowing &amp; strimming) team so it will mean there will be times when the ride on mower has been to site to cut and the follow up will come later. As far as reasonably practicable we try to make that as short a time as possible.</p> <p>We aim to mow verges at the same rate throughout the city depending on the resource of the team.</p>

## Residents Questions – 2 star, Central

### C2.1 - Owners not controlling dogs at Theobold House

<b>Star rating</b>	2 star - Local area issue
<b>Date question raised</b>	4 <sup>th</sup> July 2023
<b>Week of Area Panel</b>	11 <sup>th</sup> Sept 23
<b>Deadline for officer response</b>	10 <sup>th</sup> August 2023
<b>Name of officer responding</b>	Hannah Barker and Janet Dowdell
<b>Officer job title</b>	Senior Community Engagement Officer Tenancy Services Operations Manager
<b>Contact Details</b>	janet.dowdell@brighton-hove.gov.uk hannah.barker@brighton-hove.gov.uk

### C2.1 Question & Response

<b>Issue</b>	Drug dealers and gangs living in Theobald House are using their American XL Bully dogs to scare and intimidate residents.
--------------	---

<p><b>Background</b></p>	<p>It was noted that when any dog displays aggressive behaviours it is down to poor care and leadership from the owner, regardless of the breed. American XL Bully dogs are not necessarily aggressive but like all dogs they can be if they are improperly raised and used. In this instance the reputation and looks of these dogs are being exploited by tenants who are dealing drugs and who are using the dogs deliberately to intimidate. The dogs are not properly treated, trained or controlled. Residents have been chased and threatened and do not feel safe. Incidents have been reported to the police and to Housing. Theobald House residents will continue to pursue this and will also raise their concerns with local Councillors.</p>
<p><b>Request or Question</b></p>	<p>Raise the following points at Central Area Panel:</p> <ul style="list-style-type: none"> <li>• What action has Housing taken in response to complaints from Theobald House RA about uncontrolled dogs?</li> <li>• If a tenant is not controlling a dog properly and deliberately using it to intimidate does this mean they are breaking the terms of their tenancy? If so, what action is taken?</li> <li>• How can the Community Engagement Team help Theobald House residents resolve this problem?</li> </ul>
<p><b>Response</b></p>	<p>The Central Area Housing Team along with assistance from our Housing Customer Service Team have worked with the information provided to investigate the situation.</p> <p>We have identified the address concerned and the situation has been allocated as a case with a central Housing Officer. The team will work with the Animal Wardens to address the behaviours reported.</p> <p>The Housing Officer will keep all interested parties updated as the case progresses.</p> <p>We are hopeful we will be able to bring this situation to a satisfactory conclusion.</p> <p><b>Community Engagement Team (Hannah Barker, Senior Community Engagement Officer)</b> The Community Engagement team can support residents to arrange a meeting for the block if they wish.</p> <p>Issues relating to shared spaces, such as the garden, residents might wish to develop a garden agreement together which includes an open discussion about making the garden safe and accessible for everyone's needs.</p>
<p><b>Action</b></p>	<p>The Central Housing Team will work with the animal wardens to address the situation and report back to residents.</p>

	Simon Bannister, Community Engagement Officer Central, will contact Theobald House active residents to ask if they would like support.
<b>Start date</b>	
<b>End date</b>	

#### C2.2 - Theobald House Estate Development Budget Bid

<b>Area in city</b>	Central
<b>Star rating</b>	2 star - Local area issue
<b>Date question raised</b>	4 <sup>th</sup> July 2023
<b>Week of Area Panel</b>	11 <sup>th</sup> Sept 23
<b>Deadline for officer response</b>	10 <sup>th</sup> August 2023
<b>Name of officer responding</b>	Geof Gage
<b>Officer job title</b>	Head of Housing Investment and Asset Management
<b>Contact Details</b>	geofrey.gage@brighton-hove.gov.uk

#### C2.2 Question & Response

<b>Issue</b>	Theobald House residents have been very demoralised by the rejection of their Estate Development Budget (EDB) bid for a children's play area in their community garden.
<b>Background</b>	<p>The Residents Association worked for over a year with their Community Engagement Officer on an EDB bid for a children's play area in their community garden.</p> <p>This involved a great deal of consultation with residents and work from the committee but was also a positive project that drew in new people and encouraged involvement. Unfortunately, the bid was pulled at the final stages. Communication about this was poor - the Chair of the Association was not informed before a general meeting with residents. Residents were told that the bid had been withdrawn because major works are planned at Theobald House which will involve disruption to the garden area while work is in progress. They have not been told when this work is planned to start, how long it will take or whether the children's play area can be created after the work is completed. Recently, it has been difficult to get a response from the Community Engagement officer. Residents at Theobald are very frustrated and demoralised that after a lot of hard work the project has fallen through. It has made it more difficult to involve people and created a 'what's the point' attitude.</p>

	This is compounded by the fact that a previous EDB bid, for new flooring, was agreed and then withdrawn because of problems with asbestos under the current flooring
<b>Request or Question</b>	<ul style="list-style-type: none"> <li>• The worst outcome for Theobald House residents is a long wait for works, with the garden area neglected and underused in the intervening period. When will the major works at Theobald House begin and how long will they take?</li> <li>• Can Housing give a commitment to establishing a children’s play area immediately after, or as part of, the major works?</li> <li>• Can Housing ensure that the Residents Association chair is kept fully informed about proposed major works and planned consultation with residents?</li> </ul>
<b>Response</b>	<p>The Major Works team are currently working on preparing specifications for the major refurbishment projects. We have appointed structural engineers to provide calculations for the scaffold requirements to the block to the car park areas and this is in hand. We are intending to be on site from April 2024.</p> <p>We would not be able to give a commitment to establishing a children’s play area as this is not in our remit. Residents will be notified of when we hope to start work, and there will be pre-start consultation meetings for residents to attend and ask questions.</p> <p>We will be communicating regularly with the Chair of the Residents Association going forward.</p>
<b>Action</b>	Regular contact with the chair of the resident’s association and keeping resident’s informed of when we hope to start work and notify them of the pre-start consultation meetings.
<b>Start date</b>	Ongoing
<b>End date</b>	

### C2.3 - Disruption from building work close to Theobald House

<b>Area in city</b>	Central
<b>Star rating</b>	2 star - Local area issue
<b>Date question raised</b>	4 <sup>th</sup> July 2023
<b>Week of Area Panel</b>	11 <sup>th</sup> Sept 23
<b>Deadline for officer response</b>	10 <sup>th</sup> August 2023

<b>Name of officer responding</b>	Geof Gagel
<b>Officer job title</b>	Head of Housing Investment and Asset Management
<b>Contact Details</b>	geofrey.gage@brighton-hove.gov.uk

### C2.3 Question & Response

<b>Issue</b>	Theobald House residents have endured three years of major noise disruption due to the extensive building work happening adjacent to their highrise block. There is no indication that this will end anytime soon.
<b>Background</b>	Residents recognise that some disruption is inevitable when large building projects are taking place. However, they think that as Council tenants living in a tower block the effects on their lives have not been taken seriously and there has not been any negotiation or consultation on how it could be mitigated. The building work is not a Council project, but Council tenants are very affected by it and they have not received any help or support from Housing about the deterioration in their living conditions.
<b>Request or Question</b>	<ul style="list-style-type: none"> <li>• How long is the building work by Theobald House scheduled to last? Are there new projects about to start in the area?</li> <li>• Can Housing ensure that Theobald House residents are properly consulted and involved in negotiations about how to limit the disruption for current and future work – eg limits on working hours?</li> <li>• Is there any compensation tenants can claim for the significant disruption over a long period?</li> </ul>
<b>Response</b>	The works that are referred to are not within Housing remit and there is no requirement for external contractors to submit requests nor advise Housing of their proposals and we do not have any control over these activities. Unfortunately, this is not in our remit and we can offer no advice regarding compensation or other factors.
<b>Action</b>	None complete
<b>Start date</b>	24.07.2023
<b>End date</b>	24.07.2023

#### C2.4 - EDB Garden Project at Somerset Point

<b>Area in city</b>	Central

#### C2.4 Question

<b>Issue</b>	Somerset Point residents are not satisfied with the work done under an EDB bid for improvements to their garden.
<b>Background</b>	Somerset Point were given an EDB grant for a garden project but there wasn't proper support at the start of the project or while the work was taking place. The work is now considered done, but residents do not think that it has been fully completed, or that all the money received has been spent.
<b>Request or Question</b>	Request a full financial breakdown on the spending for the Somerset Point EDB garden project.

#### C2.4 Response

I spoke to Eileen on the phone (20 July 2023) Eileen is one of the tenant representatives at Somerset Point, who raised this request.

Eileen explained that the process of residents developing and concluding what they wanted, over the 5 years from the start of ideas about the garden, felt difficult. Different residents took the lead at different points in the project. This time spanned some external challenges, including covid delays, changes in costs, and availability of labour.

Eileen said she and the residents are aware that the gardener did well, given all these difficult circumstances in play. What residents would like to see is the costings so that it would settle their minds over where the garden work finished.

In the meantime, the Community Engagement Officer will be in touch to arrange a time to meet with residents to look at the next stages they want to achieve for their garden development and support them to submit a further EDB bid.

Extracts from 3x EDB bids submitted by Somerset Point residents, including finance requested by residents and actual spend

**April 2021 Main Bid – for paving and garden designs - £5199 for EDB team costs plus £1301 for gardener – total £6500**

Specifically requested by residents:

- “Regrade (levelling and making smooth) some of the existing grass which is lumpy after the gas works spoiled the ground.
- install some slabs around the shed and over a patch of ground where nothing grows (£5199)
- pay for a garden designer to work with tenants on ideas for the other half of the garden. We have lots of ideas for accessible raised beds, with wooden railway sleepers, further paving over areas that don’t grow. We want a garden expert to visit us in the garden, talk with us about our ideas, bring their expertise on plants and draw up some options that we can all vote on, for the next application. (£1301)”

Final actual costs:

## C2.5 - Security at Somerset Point

<b>Area in city</b>	Central
<b>Star rating</b>	2 star - Local area issue
<b>Date question raised</b>	4 <sup>th</sup> July 2023
<b>Week of Area Panel</b>	11 <sup>th</sup> Sept 23
<b>Deadline for officer response</b>	10 <sup>th</sup> August 2023
<b>Name of officer responding</b>	Geof Gage

## C2.5 Question & Response

<b>Issue</b>	There has been an expensive and excessive delay for essential security repairs to the front doors at Somerset Point.
<b>Background</b>	<p>The front doors at Somerset Point wouldn't close and needed repairs. Some repairs were done but didn't resolve the problem and it was recognised that new doors were needed.</p> <p>Drug dealers and users were able to get into the block, leaving residents insecure and not feeling safe in their homes. One woman had her front door kicked in.</p> <p>To secure the block, security guards have been employed between 10am – 6/8pm.</p> <p>This is an expensive and short-term solution.</p> <p>The 100 button is no longer in use because of data protection. Residents have also suggested video doorbells and increased access to CCTV footage from the cameras in the lobby.</p> <p>Somerset Point is a Senior Housing block, but residents there do not feel they are getting the security and care they were told they would when they moved in.</p>
<b>Request or Question</b>	<ul style="list-style-type: none"> <li>• Why is the front door repair taking so long?</li> <li>• When will the new doors be installed?</li> <li>• What long-term action is being taken to ensure residents feel safe in their homes in an area where there are high levels of drug use and homelessness?</li> </ul>
<b>Response</b>	<ul style="list-style-type: none"> <li>• <b>Why is the front door repair taking so long?</b></li> </ul>

Having checked our repairs and maintenance log, we do not have a current open repair registered for this door. A specialist contractor attended an emergency visit on 30th May to the main entrance door and found that the electric strike was broken, which was replaced and tested to confirm the main entrance door was in correct working order. The next visit was on 20th July, the engineer on site reported no issue with the main entrance door, but there was a problem with the bin store door, which was rectified.

Contractors attended on 9<sup>th</sup> August and confirmed that the main entrance door is in working order, but is not in the best condition, but does have anti-thrust plates, which prevents people from being able to slip the latch from the outside.

- **When will the new doors be installed?**

Whenever a door entry system is due to be replaced, the doors are surveyed. Whilst the doors are aged, they are sound. However, in consideration for concerns from residents about security, and following on from our visit on 9<sup>th</sup> August, it has been decided to fit a new aluminium main entrance door to the block which has a lead time of 10-12 weeks.

- **What long-term action is being taken to ensure residents feel safe in their homes in an area where there are high levels of drug use and homelessness?**

The seniors housing service provides a more intensive housing management service with scheme managers responsible for site issues at Somerset Point.

The scheme managers are in regular contact with residents to address any security concerns, whether raised individually or as a community. The managers have recently been in contact with the Police, and the local PCSOs have attended the Somerset Point residents' meetings to promote home and community safety. This reinforces messages the scheme managers give on home security, especially on tailgating. Where more serious security concerns have arisen, the managers have been responsive, supporting individual residents with their needs and looking at what can be done to support the whole community, such as arranging on-site security patrols. The service would welcome a local neighbourhood watch in this area to help support residents and the community with safety concerns.

As a service with four seniors housing schemes in close proximity, the service has worked with other teams and agencies to ensure that there is a service wide approach to more serious issues, especially where there are safeguarding concerns.

<b>Action</b>	Upgrading main entrance doors to Aluminium doors.

#### C2.6 - Inadequate grounds maintenance at Sloane Court

<b>Area in city</b>	Central
<b>Star rating</b>	2 star - Local area issue
<b>Date question raised</b>	4 <sup>th</sup> July 2023
<b>Week of Area Panel</b>	11 <sup>th</sup> Sept 23
<b>Deadline for officer response</b>	10 <sup>th</sup> August 2023
<b>Name of officer responding</b>	Peter Huntbach
<b>Officer job title</b>	Housing Manager
<b>Contact Details</b>	peter.huntbach@brighton-hove.gov.uk

#### C2.6 Question & Response

<b>Issue</b>	Residents are receiving a reduced and ineffective service but are still paying the same amount for grounds maintenance. Grass is cut infrequently and inadequately and there is no strimming. There are fewer staff carrying out the work.
<b>Background</b>	Residents have had to buy equipment so they can cut the grass and trim borders and hedges. They are effectively paying for this work while having to do it themselves.
<b>Request or Question</b>	Residents are asking for either the service to be returned to previous levels or a reduction in service charges to reflect the reduced service.
<b>Response</b>	<p>The communal gardens are maintained by the council's City Parks team. We are not aware of any gardening problems at Sloane Court, and we are sorry to hear of this report. The scheme manager has confirmed that grass is being regularly cut, with an additional cut being undertaken this year on request for the residents' Open House.</p> <p>There may be some gardening work that sits outside the service agreement with City Parks such as tree works or works in communal areas designated for residents own gardening.</p>

	<p>Residents may carry out gardening work over and above the service agreement with City Parks, but there is no expectation for residents to do so.</p> <p>If there are any problems with the communal gardens, residents can always raise these with the scheme manager, and they will be happy to liaise with City Parks. If gardening works are needed over and above the service agreement, such as tree work, we can take steps to address any problems.</p>
<b>Action</b>	The scheme manager will seek further feedback from residents at Sloane Court at the next residents' meetings so any concerns or issues can be addressed.

#### C2.7 Question & Response

<b>Issue</b>	Residents at Essex Place are not receiving the scheduled cleaning services and think the service is still not up to standard.
<b>Background</b>	Inadequate cleaning at Essex Place was raised at the June Central Area Panel (ref C2.1) It was noted that the block had been inspected on two occasions and the cleaning found to be of an acceptable standard. Essex Place residents made the following points:

	<ul style="list-style-type: none"> <li>Residents are not receiving the scheduled services - for example cleaners do not come to the block every day.</li> <li>Residents of Essex Place are paying for a full cleaning service, not one which is just 'acceptable'. They do not think they are getting value for money.</li> </ul>				
<b>Request or Question</b>	<p>Request a paper detailing:</p> <ul style="list-style-type: none"> <li>How much money is paid yearly by Essex Place residents for their cleaning.</li> <li>A detailed budget showing how the money paid by residents is spent.</li> </ul>				
<b>Response</b>	<p>There is a static cleaner at Essex Place which means that the cleaner is there every working day, if the static cleaner is off sick or on leave this work in all high rises.</p> <p>Below is a summary of the types of costs included in the service charge:</p> <table border="1"> <tr> <td>Estate Response - cleaning</td> </tr> <tr> <td>Associated costs - management / admin</td> </tr> <tr> <td>Support services</td> </tr> <tr> <td>Vehicle Depreciation</td> </tr> </table> <p>The cleaning charge at Essex Place is £4.74 per dwelling per week. There are a total of 128 flats at Essex Place make the total cleaning charge £606.72 per week (£4.74 x 128) and <b>£31,549.44 per year</b> (£606.72 x 52).</p>	Estate Response - cleaning	Associated costs - management / admin	Support services	Vehicle Depreciation

### C2.8 Question & Response

<b>Issue</b>	The main entrance doors at Warwick Mount are rusting away. They need a coat of special paint.
<b>Background</b>	Residents have been told this will happen but haven't been given a date or kept informed about progress.
<b>Request or Question</b>	Ask for a report on what work is scheduled on the doors and when this will happen.
<b>Response</b>	<p>Due to salt laden winds in the coastal area it has been identified that the coating on the metal doors are not lasting as long as expected and a programme of redecoration is being drawn up to extend the lifespan of these doors.</p> <p>A number of sites were inspected in the spring to draw up a redecoration programme for this year. It was identified that there was minor surface rust on the main entrance doors at Warwick Mount but there were doors with a higher priority so these have been put into the 2024 redecoration programme.</p>

## C2.9 Question & Response

<b>Issue</b>	<p>Some residents in Warwick Mount continue to throw rubbish out of their windows.</p> <p>This is dangerous, unsanitary and a health and safety hazard. No action appears to be taken against the culprits</p>
<b>Background</b>	<p>Every resident in Warwick Mount was sent a letter saying they must not throw things out of their windows. People were asked to report incidents to Housing.</p> <p>Residents have reported incidents on many occasions. There has been no response to these complaints and nothing seems to come of them. It can seem like they disappear into a void.</p>
<b>Request or Question</b>	<p>Ask for a report on:</p> <ul style="list-style-type: none"> <li>• how these complaints are dealt with</li> <li>• why the complainants aren't given any response</li> <li>• what further action can be taken to stop people throwing things out of high-rise windows</li> </ul>
<b>Response</b>	<ul style="list-style-type: none"> <li>• how these complaints are dealt with</li> </ul> <p>When we receive reports of this nature through to our Housing Customer Service Team or the Estates Team, we will carry out an initial investigation. Where reporters have not been able to tell us the address of any alleged perpetrators our approach will be to write to all residents reminding them of how to dispose of rubbish and that throwing items from windows is considered to be a breach of their tenancy agreement. We will also advise residents how to report further issues to us and ask they give as much information as they can to assist us in locating the address for a more direct approach.</p> <p>If a resident is identified as being a persistent offender, we will issue a firm warning. Follow up action if behaviour doesn't change will be proportionate to the breach and we will consider enforcement action such as Community Protection Orders, Notice of Seeking Possession warnings and civil injunctions.</p> <p>All legal measures rely on a weight of evidence and without this our actions will be limited.</p> <ul style="list-style-type: none"> <li>• why the complainants aren't given any response</li> </ul>

	<p>The Housing Manager for the Central Area Housing Team, John Evans has carried out an initial investigation into the issue and contacted our Housing Customer Service Team, the Estates Service and all Housing Officers within the central area team. All have responded but there have been no positive leads.</p> <p>John has also approached the block cleaning team to see if the cleaner at Warwick Mount is aware of any issues which again, hasn't given us any positive leads.</p> <ul style="list-style-type: none"> <li>• what further action can be taken to stop people throwing things out of high-rise windows</li> </ul> <p>At the moment, we haven't been able to identify who the perpetrators are and the address the rubbish is coming from. Our ability to take direct action is limited until we do.</p> <p>We ask residents to report details of any addresses they are aware of perpetrating this behaviour to Housing Customer Services. Once identified, a case will be opened, and a Housing Officer will take forward action to bring about a solution.</p>

#### C2.10 Question & Response

<b>Issue</b>	
--------------	--

	<p>Scaffolding erected over three years ago is still in place. Residents are very angry about the lack of progress and poor communication about the situation.</p>
<p><b>Background</b></p>	<p>Scaffolding was initially erected for safety reasons, pending repairs necessary because concrete was falling off the block. These repairs have not been done and residents do not have a date for when the work will happen, or any idea how much longer they will have to live with the scaffolding.</p> <p>The scaffolding causes the following problems:</p> <ul style="list-style-type: none"> <li>• Flats on the first floor have had most of their natural light blocked for three years.</li> <li>• The scaffolding makes it possible to climb up on to the first floor balconies. Residents don't feel safe in their homes.</li> <li>• Scaffolding creates a dark, hidden area which has become a haunt of drug users and rough sleepers.</li> <li>• The patio outside the community room is barely useable. It is hemmed in by scaffolding, dark and difficult to keep clean. Drug users have to moved off it daily.</li> <li>• Rubbish and debris gets blown on to the scaffolding. It has contributed to the area around the block deteriorating and a general demoralisation about the local environment.</li> </ul> <p>The Residents Association have raised this with the Council on many occasions. They have always been told that more tests are needed but are not kept updated about how this is progressing.</p>
<p><b>Request or Question</b></p>	<ol style="list-style-type: none"> <li>a. When will work start on St James's House?</li> <li>b. How long will the work take?</li> <li>c. When can residents expect the scaffolding to be taken down?</li> <li>d. Is there anything that can be done to make the first floor flats more secure?</li> </ol> <p>This information to also be sent to the Chair of St James's House residents' Association, and the Residents Association to be kept updated and informed about progress.</p>
<p><b>Response</b></p>	<p>A) The works at St James House have been delayed due to the requirements of further surveys being undertaken, the expected start date is from April 2024.</p> <p>b) The duration of the works is anticipated to be 52 weeks at this time we will confirm this once all specifications have been prepared by our consultants.</p> <p>c) The scaffold is in place to protect residents and the public and this will not be removed until the main project commences</p> <p>d) The scaffold is checked on a weekly basis for safety purposes, unfortunately we are unable to offer a solution to this.</p>

#### C2.11 Question & Response

<b>Issue</b>	Scaffolding is causing problems at Theobald House and residents want to know how long this will be up for and when it will be taken down.
<b>Background</b>	Homeless people are sleeping on the scaffolding and the scaffolding is an obstruction and general inconvenience for residents. Scaffolding is necessary for repair work, but seems to be erected for long periods when there is no work taking place. Residents are not kept informed about how long the scaffolding will be up for or why it is there.
<b>Request or Question</b>	<ul style="list-style-type: none"> <li>• Ask that the Chair of the Residents Association is kept updated and informed about the scaffolding, associated problems and work at Theobald House.</li> <li>• When can residents expect scaffolding to be removed.</li> <li>• What can be done about rough sleepers using the scaffolding?</li> </ul>
<b>Response</b>	Scaffolding has been erected around the perimeter of Theobald House due to falling debris, which presented us with a serious health and safety issue. We are currently in the process of procuring consultants and contractors to specify works needed, and to complete the major works. We are expecting to start works in the early part of 2024. We will be

	<p>advising all residents before the works commences and there will be pre-site meetings where all residents will be invited to discuss the works and any concerns they have.</p> <p>We have investigated the matter of rough sleepers using the scaffold and have increased the security sweeps at the block. We will arrange to provide monthly updates to the Chair of the Residents association.</p>
<b>Action</b>	We will meet scaffolding contractor to discuss security issues, we will make contact with the chair of the resident's association to arrange monthly updates via their preferred method of communication.

	<b>Customer feedback – all Housing services</b>	<b>Target</b>	<b>Q4 2022/23</b>	<b>Q1 2023/24</b>	<b>Status against target</b>	<b>Trend since Q4</b>
9.1	 Compliments received from customers	Info	90	87	n/a	n/a
9.2	 Stage one complaints responded to within 10 working days	80%	75% (155 of 207)	81% (164 of 203)		
9.3	Stage one complaints upheld or partly upheld	Info	43% (88 of 207)	46% (93 of 203)	n/a	n/a
9.4	Stage two complaints upheld or partly upheld	18%	41% (9 of 22)	36% (9 of 25)		
<p>Nine stage two complaints were upheld or partly upheld following investigation by the corporate Customer Feedback team, after they were escalated following the stage one response from Housing. These most commonly related to delays in completing repairs, and more information about this area of performance is provided on page 17 of this report.</p>						

  <b>Private sector housing</b>		Target	Q4 2022/23	Q1 2023/24	Status against target	Trend since Q4
10.1	Total fully licensed Houses in Multiple Occupation (HMOs)	Info	1,335	1,390	n/a	n/a
These numbers have gone down as a result of the Additional Licensing Scheme finishing in February 2023.						
10.2	<b>Corporate KPI:</b> HMOs where all special conditions have been met (for licences issued over 12 months ago)	68.5% for Q1	66.43% (1,490 of 2,243)	72.04% (1,680 of 2,332)		
The indicator above measures cases where the council has verified that works required via special conditions have been completed. This still includes HMOs covered by the additional licensing scheme which ended in February 2023, as the Private Sector Housing team are able to check that conditions have been met up to 6 months past the end of a scheme.						
10.3	Requests for assistance received (RFAs)	Info	237	124	n/a	n/a
Request for assistance top categories during Q1 were 55 disrepair (44%) and 15 dampness (12%) and 11 neighbour's disrepair (9%).						
10.4	Property inspections completed	Info	227	219	n/a	n/a
10.5	... of which RFA inspections	Info	93	50	n/a	n/a
10.6	... of which HMO licence inspections	Info	134	169	n/a	n/a
10.7	RFA cases closed	Info	180	98	n/a	n/a
10.8	Properties with Category 1 and 2 hazards resolved through informal action (closed RFAs)	Info	98% (47 of 48)	88% (21 of 24)	n/a	n/a
10.9	Properties with Category 1 and 2 hazards resolved through formal action (closed RFAs)	Info	2% (1 of 48)	12% (3 of 24)	n/a	n/a
These numbers relating to the two indicators above are relatively low for now as recording only began in Q4 2022/23						
10.10	Private sector vacant dwellings returned into occupation (empty for more than two years)	9	6	7		

 <b>Housing adaptations</b>		Target	Q4 2022/23	Q1 2023/24	Status against target	Trend since Q4
11.1	Private sector housing – average weeks taken to approve Disabled Facilities Grant applications	10	15.4	22.0		
11.2	Private sector housing – average weeks taken for contractor to complete works	Info	35.1	39.0	n/a	n/a
11.3	Council housing – average weeks taken to approve applications and commence works	10	20.3	12.6		
11.4	Council housing – average weeks taken for contractor to complete works	Info	16.5	13.2	n/a	n/a

The amber threshold for the two targeted indicators above is set at 26 weeks based on historic guidance timescales, with the target of 10 weeks reflecting revised guidance timescales.

 Housing options and allocations	Target	Q4 2022/23	Q1 2023/24	Status against target	Trend since Q4
12.1 <b>Corporate KPI:</b> Homelessness cases presenting during the prevention duty stage	45%	45.0% (215 of 477)	40.4% (168 of 416)		
12.2 <b>Corporate KPI:</b> Homelessness prevention cases closed with a successful prevention outcome	55%	49.7% (95 of 191)	66.1% (119 of 180)		
The two Corporate KPIs above are newly introduced for 2023/24, although we are able to also provide data for them for the previous quarter in order to monitor the trend.					
12.3 New households with a full housing duty accepted	Info	121	127	n/a	n/a
12.4 Number of households on the housing register	Info	7,691	7,707	n/a	n/a

The November 2020 figure above used a blended methodology of an estimate with a spotlight count, due to the national Covid lockdown at the time. Please note that estimates have only been carried out at times when counts have not been.

	Temporary accommodation (including emergency accommodation)	Target	Q4 2022/23	Q1 2023/24	Status against target	Trend since Q4
13.1	<b>Corporate KPI:</b> Total households in temporary accommodation	1,655 for Q1	1,715	1,712		
<p>The target of 1,655 for the end of Q1 is set as a step towards a target of 1,472 at the end of Q4 2023/24. This is a challenging target which has been set to meet financial savings and requires coordination across Housing and other council services. Key to this is reducing the number of households going into temporary accommodation through preventing homelessness (please see the indicators on items 12.1 and 12.2 on the previous page) and finding suitable longer term accommodation to move households into from temporary accommodation, such as social and private sector rented housing.</p>						
13.2	Rent collected for emergency accommodation	95%	96.43%	89.57% (£812k of £906k)		
13.3	Rent collected for leased properties	95%	92.71%	97.70% (£1.52m of £1.56m)		
13.4	Rent collected for Seaside Homes	95%	92.76%	94.17% (£1.30m of £1.38m)		
<p>The methodology for the three indicators above has been revised as a result of the development of a new reporting system developed in consultation with Finance and the Corporate Debt Board, in order to align with other income collection indicators across the council, including the rent collection indicator for council housing on page 15 – the targets for 2023/24 have been set at a similar level. This methodology excludes rent loss from empty homes but factors in changes to the amount of rent arrears over time. These indicators cover the financial year to date. We expect rent collected for emergency accommodation to improve over the course of 2023/24 as more income is collected from Housing Benefit, which often comes in several weeks after the emergency placement started, because of the time taken to process the claim.</p>						
13.5	Empty temporary accommodation homes	For info	35	48	n/a	n/a
<p>The indicator above includes 25 block-booked, 14 private sector leased and 9 Seaside Homes dwellings. These are dwellings that were available to let as temporary accommodation.</p>						
13.6	Seaside Homes properties with a valid Landlord's Gas Safety Record	100%	99.3% (420 of 423)	99.5% (421 of 423)		
<p>The target was slightly missed because two checks were overdue on 30 June 2023.</p>						
13.7	Leased properties with a valid Landlord's Gas Safety Record	For info	82.5% (463 of 561)	85.2% (471 of 553)	n/a	n/a
<p>Performance is expected to improve further following the recent resolution of IT systems and temporary staffing capacity issues. A transfer of the gas safety information and processes onto the housing management IT system from an older database has now been completed.</p>						

Council housing – supply		Q4 2022/23	Q1 2023/24
14.1	 Additional council homes (new supply)	56	60
14.2	... at Local Housing Allowance (LHA) rents	53% (30 of 56)	2% (1 of 60)
14.3	... at 37.5% Living Wage rents	38% (21 of 56)	3% (2 of 60)
14.4	... at 27.5% Living Wage rents	9% (5 of 56)	7% (4 of 60)
14.5	... at social rents	0% (0 of 56)	88% (53 of 60)
14.6	Other stock increase	0	16
<p>The 16 homes above are counted separately from the new supply because they were already had tenants when Charles Kingston Gardens was acquired as a new seniors housing scheme by the council. The 2 empty homes there have been counted towards new supply. All homes at this scheme are at social rents.</p>			
14.7	Council homes sold through the Right to Buy	9	7
<p>Of the 38 homes sold during Q1, 7 were leasehold (flats) and 0 were freehold (houses).</p>			
14.8	Net change in the number of council homes – all rent levels	+47	+69
14.9	Net change in the number of council homes – social and 27.5% Living Wage rent homes only	-4	+66
14.10	 Total council owned homes	11,819	11,888
<p>Total council owned dwelling stock of 11,888 includes 10,819 general needs, 895 seniors housing, 38 council owned emergency accommodation, 70 council owned temporary accommodation and 64 NSAP/RSAP dwellings.</p>			

Council homes sold through the Right to Buy (RTB)

**14.11 Further information on additional council homes**

A total of **440** homes were completed between April 2019 and March 2023. This programme has been delivered during a period of unprecedented complexity due to the Covid-19 pandemic and recovery phase. A further **320** are forecast for 2023/24:

- 2019/20: 77 homes – buy backs (43 Home Purchase), Hidden Homes (6), Kensington Street (12), Tilbury Place (15) and Devon Lodge (1 lease handed back)
- 2020/21: 144 homes – buy backs (40 Home Purchase and 24 NSAP – Next Steps Accommodation Programme), Buckley Close (12), Hartington Road (38) and Hawkrigde Court (30)
- 2021/22: 108 homes – buy backs (66 Home Purchase, 6 NSAP and 18 Rough Sleepers Accommodation Programme – RSAP), Hidden Homes (8) and Oxford Street (10)
- 2022/23: 111 homes – buy backs (52 Home Purchase and 17 RSAP) and Victoria Road (42)
- 2023/24: 320 homes – buy backs (87 Home Purchase and 5 RSAP), Homes for Brighton & Hove rented units (49 at Quay View and 127 at Coldean Lane), Hidden Homes (8), Kubic Apartments (38), Frederick Street (4), Charles Kingston Gardens (2)

**Additional council homes per year (actual and projected)**

### 14.12 Other affordable homes

A total of **651** homes (193 rent and 458 shared ownership) were completed between April 2019 and March 2023. The total for 2022/23 (441) exceeds all previous years, and this programme has been delivered during a period of unprecedented complexity due to the Covid-19 pandemic and recovery phase. A further **509** are forecast for 2023/24:

- 2019/20: 87 homes – Montpelier Place (5), Kingsway (54) and Circus Street (28)
- 2020/21: 48 homes – Freehold Terrace (8), Plumpton Road (2), Nevill Road (4) and Preston Road (34 from two providers)
- 2021/22: 75 homes – Preston Barracks (19), Falmer Avenue (13), Hangleton Way (33) and Lions Gardens (10)
- 2022/23: 441 homes – Edward Street (33), School Road (104), Preston Barracks (67), Graham Avenue (125), Sackville Hotel (7), New Church Road (5) and King’s House (100)
- 2023/24: 509 homes – Homes for Brighton & Hove shared ownership units (55 at Quay View and 115 at Coldean Lane), York and Elder (22), Coombe Farm (29), Ellen Street (20), Davigdor Road (5), Anston House (30), Ovingdean Road (18), Sackville Trading estate (56) and Preston Barracks (159)

**Other additional homes per year (actual and projected)**

 Council housing – tenancy management		Target	Q4 2022/23	Q1 2023/24	Status against target	Trend since Q4
15.1	<b>Corporate KPI:</b> Rent collected from current council tenants	95.36%	94.02% (£55.1m of £58.6m)	93.90% (£61.1m of £65.0m)		
<p>The methodology for the indicator above excludes rent loss from empty properties but factors in changes to the amount of rent arrears over time. The Q4 collection rate is the final result for 2022/23 and the Q1 collection rate is a forecast for the 2023/24 financial year. Performance has been particularly impacted by staff vacancies in the Income Management team. As part of a recovery plan to improve rent collection, the team launched a recruitment campaign in June 2023 for eight vacancies, which has been successful so far and is expected to fill all but one post by August 2023.</p>						
15.2	 Current tenants known to claim Universal Credit	Info	1,558	1,659	n/a	n/a
<p>The indicator above has been revised to count only current tenant households which Housing Income Management can verify as claiming Universal Credit (UC) because they have an Alternative Payment Arrangement (APA) in place. Based on data collected since the introduction of UC it is thought that up to 3,900 households may potentially be claiming UC, but this is likely to include many who informed us at the time they started claiming UC but no longer claim it. Households known to claim UC account for 36% of total arrears and those potentially on UC account for 65%.</p>						
15.3	Evictions due to rent arrears	Info	0	0	n/a	n/a
15.4	Evictions due to anti-social behaviour (ASB)	Info	0	0	n/a	n/a
15.5	New reports of ASB from victims and witnesses	Info	141	154	n/a	n/a

15.9	Active ASB perpetrator cases at quarter end	Info	136	154	n/a	n/a
<p>The ASB indicators in this section were developed to reflect the way ASB is recorded on the housing management IT system, which includes reports from victims and witnesses as well as linked cases dealt with in relation to the perpetrators. There can often be multiple victims and witnesses linked to a single perpetrator.</p>						
15.10	 Calls answered by Housing Customer Services	85%	89% (5,839 of 6,536)	89% (6,089 of 6,874)		

 Council housing – tenancy management	Target	Q4 2022/23	Q1 2023/24	Status against target	Trend since Q4
15.13 Closed Tenancy Sustainment cases with positive outcome	90%	94% (19 of 20)	88% (7 of 8)		

 Council housing – empty homes	Target	Q4 2022/23	Q1 2023/24	Status against target	Trend since Q4
15.14  Average re-let time in calendar days excluding time spent in major works	21	61	60		

Re-let times have improved but are still high while recovery efforts remain underway to tackle a backlog of empty council homes, which includes many homes which have been empty for long periods of time. However, the number of re-lets during 2022/23 (560) and 2021/22 (472) were both up on 2020/21 (213) and above pre-pandemic levels seen during 2019/20 (445). There has also been the challenge of letting a large number of new homes delivered though two recently completed new build schemes in Portslade (42 at Victoria Road in March and 49 at Quay View in April). This is reflected in the number of new council homes let for the first time greatly increasing from 22 in Q4 2022/23 to 122 in Q1 2023/24 (this figure also includes other new homes such as Home Purchase policy buy backs).

15.15	Average 'key to key' re-let time in calendar days including time spent in major works	Info	88	106	n/a	n/a
15.16	Number of previously occupied council homes re-let (general needs and seniors)	Info	106	113	n/a	n/a
15.17	Number of new council homes let for the first time (general needs and seniors)	Info	22	112	n/a	n/a
15.18	 Empty general needs and seniors council homes (includes new homes)	Info	180	175	n/a	n/a
15.19	Empty council owned temporary, NSAP and RSAP accommodation homes (includes new homes)	Info	22	22	n/a	n/a

The two indicators above provide a snapshot of empty council owned homes on the last day of the period, whether they were available to let or otherwise (for example, because they were undergoing major works at the time).

 Council housing – Repairs and maintenance		Target	Q4 2022/23	Q1 2023/24	Status against target	Trend since Q4
16.1	Emergency repairs completed within 24 hours	99%	96.3% (3,181 of 3,303)	95.1% (3,084 of 3,243)		
16.2	<b>Corporate KPI:</b> Routine repairs completed within 28 calendar days	70%	50.2% (2,747 of 5,475)	42.9% (2,279 of 5,308)		
16.3	Average days to complete routine repairs	15	81	103		
<p>Repairs completed recently have included jobs from a backlog of older non-urgent jobs, which is in the process of being reduced. This means that these jobs took longer than their target timescales once they were completed. Performance of new incoming jobs are above target: 88.1% (2,087 of 2,369) of jobs issued on or after 1 April 2023 were completed within 28 days. There have also been increased pressures owing to significantly higher levels of reported damp and condensation cases following the tragic Rochdale case. Repairs &amp; Maintenance had registered 862 live damp and condensation cases at the end of June 2023. All recruitment has now been completed however the service is still looking to engage additional contractors.</p>						
16.4	 Calls answered by Repairs Helpdesk	85%	78% (18,538 of 23,781)	95% (15,108 of 15,925)		
16.5	 Surveyed tenants satisfied with repairs: standard of work	96%	97% (486 of 502)	98% (1,754 of 1,787)		
16.6	Surveyed tenants satisfied with repairs: overall customer service	96%	98% (491 of 502)	98% (1,754 of 1,787)		

Please note the figures for the first three indicators in the table above are provisional as there are currently issues with reporting of repairs data arising from the switchover of our main housing management IT system since the start of July 2021. At present two IT systems are being used and it is not yet possible to fully integrate reporting between them, meaning that performance data is currently being extracted and manually combined.

 <b>Council housing – investment and asset management</b>		Target	Q4 2022/23	Q1 2023/24	Status against target	Trend since Q4
17.1	<b>Corporate KPI:</b> Council dwellings meeting Decent Homes Standard	100%	95.8% (11,265 of 11,765)	95.8% (11,315 of 11,813)		
<p>There were 498 non-decent homes at the end of June 2023, 61% of which were because ‘key components’ such as windows and external doors were not up to standard. Another 36% were because ‘non-key’ components such as kitchens and bathrooms were not up to standard, and 3% were because of identified health and safety risks (which are prioritised). Delivery of planned works for all areas is ongoing following delays in establishing contracts and five-year improvement programmes are now in place for these, including kitchens, bathrooms, roofs, doors and external/communal decorations. A difficulty with works such as kitchens and bathrooms is that they are disruptive to tenants, and often have to be carried out while properties are empty. The Housing Investment &amp; Asset Management service are preparing for the government’s upcoming review of the Decent Homes standard, including through appointing two new asset stock surveyors and beginning procurement of external consultants for a stock condition survey of 20% of council homes, which is expected to start in early 2024.</p>						
17.2	<b>Corporate KPI:</b> Energy efficiency rating of homes (out of 100)	73.8	74.1	74.1		
17.3	 Council properties with a valid Landlord's Gas Safety Record	100%	99.98% (10,108 of 10,110)	99.95% (10,092 of 10,097)		
<p>The target was slightly missed because five checks were overdue on 30 June 2023. Performance was affected by the change in gas contractor, as the previous contractor experienced staff shortages towards the end of their contract. Now that a new contact is in place with PH Jones, performance is expected to improve.</p>						
17.4	 Lifts restored to service within 24 hours	95%	92% (147 of 160)	90% (171 of 191)
