

WRITTEN QUESTIONS FROM MEMBERS OF THE PUBLIC

A period of not more than fifteen minutes shall be allowed at each ordinary meeting for questions submitted by members of the public who either live or work in the area of the authority.

i) The following written question has been received from Love Activists.

“Will the council explain why the Housing First project has not been included on the agenda for this month’s meeting, despite it having been voted on unanimously at the Housing & New Homes Committee on 21st September, for a report to be heard at this month’s meeting? The Housing First model has ended homelessness in other parts of the world. With so many preventable deaths still happening on the streets of our city and around the country, homelessness and the application of this working model should be the upmost priority?”
