

Dear Ms Hobden,

Thank you for your letter of the 16th March regarding the above planning application at 30 Windmill Drive, Westdene in Withdean ward.

I have consulted with residents who have invited me to represent their concerns for your consideration during the application process.

Firstly, whilst I welcome the amended plans which reduce the ridge height and the reduced extension to the western elevation, residents have still expressed concerns this application. Chief amongst these concerns that the building materials are out of keeping with the predominately the style of the neighbourhood. As I have mentioned in my previous objection the road is predominately comprised of low density bungalows.

I would be very grateful if these further comments can be taken into account during your deliberations.

I have also copied in my fellow ward Councillors for their information.

Kind regards,

Nick

Cllr. Nick Taylor
Conservative Councillor for Withdean
