

## **MEMBER INVOLVEMENT**

### **WRITTEN QUESTIONS FROM MEMBERS OF THE BOARD**

The following written question has been received for the Health & Wellbeing Board meeting to be held on the 11 September 2018:

#### **(I) Question submitted by Councillor Page**

“A recent report by a medical royal college, reported in the Argus on 31st August, shows that 17% of patients are waiting more than a week for an appointment with a GP in Brighton & Hove, a 5% increase since the equivalent survey five years ago.

With dangerously low numbers of GPs persisting for our population following so many surgery closures in the last two years, and the threatened closure of the Queens Road minor injuries clinic, what is the CCG’s action plan which could reassure our residents that primary care services are not deteriorating ?”
