Dear Licensing Team,

I write in my capacity of ward councillor to object to the above application.

Curry Leaf Express is located within the Special Stress Area, and is within close proximity to the city's Cumulative Impact Zone.

The matrix within the Statement of Licensing Policy clearly states that off sales will be granted only if the applicant can demonstrate exceptional circumstances. I see no exceptional circumstance that would enable this application to be granted.

To do so would not promote the council's licensing objectives and would add to already existing problems of alcohol induced crime, disorder and antisocial behaviour in an area where figures show has among the highest crime levels in the city.

Yours sincerely,

Lizzie Deane

Dear Euan,

We are in receipt of your application to vary the conditions which would enable you to sell pre mixed canned sprits and remove the need to purchase food. Sussex Police were pre consulted on this prior to your submission and we agreed to these changes. Obviously other parties could submit an objection.

On top of the changes you have requested, we wanted to know if you would also be in agreement to a new additional condition which is as follows:

***No external advertising of alcohol, be it by A Frames or posters, to be situated within Brighton Railway Station or fixed to the external walls of the premises.***

If you could let me know your thoughts on this please.

Kind Regards

Mark.
