#### **PART ONE**

#### **45. NOTICES OF MOTION**

##### **(5) GREEN NEW DEAL**

- 45.24 The Notice of Motion as listed in the agenda was proposed by Councillor Heley on behalf of the Green Group. She stated that the country was facing a climate emergency and the council was not acting quickly enough. There was a need to restructure the economy and society to address the issue and enable the creation of new jobs in the low carbon industry if the target of being a net zero city by 2030 was to be achieved. The importance of the Green New Deal was now recognised and had to be supported and taken forward with partner agencies to prevent the catastrophe that would result if no action was taken.
- 45.25 Councillor Hills formally seconded the motion and stated that there was a clear need to put the climate first and take necessary actions to protect it and to deliver environmental change.
- 45.26 Councillor Platts moved an amendment on behalf of the Labour Group and stated that she hoped all the Groups could work together to ensure that action could be implemented locally to make a change. She believed the amendment strengthened the motion and that it could be supported.
- 45.27 Councillor Evans formally seconded the amendment and stated that it was an issue that was close to her heart and she hoped that a way forward could be achieved to address the issue.
- 45.28 Councillor Nemeth stated that he shared the concerns raised over climate change but was not as clear about the Green New Deal as there appeared to be a number of different interpretations. However, he hoped that there could be constructive discussions locally and an action plan agreed that could be taken forward.

45.29 Councillor Miller welcomed the motion and stated that there was a need to consider what actions could be taken forward and how the ambitions of the Green New Deal could be achieved.

45.30 Councillor Heley noted the comments and confirmed that she was happy to accept the amendment.

45.31 The Mayor noted that the amendment had been accepted and therefore put the following motion as amended to the vote:
