

NOTICE OF MOTION**LITTER REDUCTION****CONSERVATIVE GROUP AMENDMENT**

To amend point 1 as shown below in ***bold italics***

This Council requests that:

1. A report is commissioned for the next meeting of the ET&S Committee, outlining a further strategic response to the problem of littering, including:
 - joint working between the council, supermarkets and hospitality industry that can stem the flow of rubbish at the source
 - the development of a voluntary scheme, whereby businesses can be supported to develop a 'return/refund' system for disposable items, to help minimise littering among customers; and where participation is rewarded e.g. through promotional materials / stickers for businesses who join the scheme;
 - details on how any strategy aligns with the council's unnecessary single-use plastics pledge
 - ***an update on the council's food waste trial***
 - ***the strategy to deal with seasonal increases in littering especially on the beaches to avoid unnecessary build-up of waste by bins whilst also not impacting on general residential household waste and recycling collection services through-out the city***
 - ***the potential to increase the number of Civil Enforcement Officers employed by the council***
 - ***the potential to increase the number of staff and support equipment (including vehicles) that can be dedicated to litter picking throughout the city on a planned or response basis.***
2. That the Chief Executive writes to the Secretary of State for Business, Energy and Industrial Strategy, requesting:
 - that the Government urgently provide an update on the status of their 'Litter Strategy', which suggests that a '*Reducing Litter caused by Food on the Go: A Voluntary Code of practice,*' scheme will be rolled out in 2020/21; and asks that schemes of this type be made mandatory;
 - the immediate introduction of the proposals in the Government's Litter Strategy, to ensure packaging is more clearly labelled, to allow local councils to identify and record major sources of litter;
3. That the Chief Executive also writes to the Secretary of State for Housing, Communities and Local Government requesting that government introduce an 'Excessive Packaging Levy', to generate funds to help councils deal with the £800m costs of cleaning up litter in the UK annually.

Motion if carried to read:

This Council requests that:

1. A report is commissioned for the next meeting of the ET&S Committee, outlining a further strategic response to the problem of littering, including:
 - joint working between the council, supermarkets and hospitality industry that can stem the flow of rubbish at the source
 - the development of a voluntary scheme, whereby businesses can be supported to develop a 'return/refund' system for disposable items, to help minimise littering among customers; and where participation is rewarded e.g. through promotional materials / stickers for businesses who join the scheme;
 - details on how any strategy aligns with the council's unnecessary single-use plastics pledge
 - an update on the council's food waste trial
 - the strategy to deal with seasonal increases in littering especially on the beaches to avoid unnecessary build-up of waste by bins whilst also not impacting on general residential household waste and recycling collection services throughout the city
 - the potential to increase the number of Civil Enforcement Officers employed by the council
 - the potential to increase the number of staff and support equipment (including vehicles) that can be dedicated to litter picking throughout the city on a planned or response basis
2. That the Chief Executive writes to the Secretary of State for Business, Energy and Industrial Strategy, requesting:
 - that the Government urgently provide an update on the status of their 'Litter Strategy', which suggests that a '*Reducing Litter caused by Food on the Go: A Voluntary Code of practice,*' scheme will be rolled out in 2020/21; and asks that schemes of this type be made mandatory;
