

**Cllr. Pete West**  
**BH2020 01986 - 22 Crescent Road**

**18th August 2020:**

As a ward councillor I would like to support the many residents moved to object to this application.

With one less bedroom the application not materially different to the one previously refused. If granted the density of HMOs in the area would be in excess the policy threshold for acceptance. The impact from noise, disturbance and loss of amenity placed upon neighbours will be considerable.

I trust the planning officers will be minded to refuse the application, however in the case they are minded to grant I request the matter is put before the committee for determination.
