2. Background to Local Cycling and Walking Infrastructure Plan (LCWIP)
3. Consultation and communication
4. Next steps
5. Any questions?

brighton-hove.gov.uk/onejourneybetter

Local Transport Plan 5 (LTP5)

- Initial 'direction of travel' document produced
- Approved by June Environment, Transport and Sustainability (ETS) committee
- Sets out:
 - Vision
 - Key outcomes
 - Key principles: Reduce, Shift, Clean
 - Priority areas and potential interventions (high level)
- Full LTP5 document will be produced based on feedback from consultation

Local Cycling and Walking Infrastructure Plan (LCWIP)

- A strategic, 10 year document
- Setting out where improvements are best placed for active travel – routes / areas where there is greatest potential for supporting and increasing levels of walking & cycling
- Required by government in order to access active travel funding
- Detailed design and further consultation comes later for schemes
- Opens up future funding opportunities and sets our priorities
- Is an evolving document
