FOR GENERAL RELEASE

1. SUMMARY AND POLICY CONTEXT:

- 1.1 Fostering regulations require that an annual fostering report be provided to be received by the Council Executive. The annual report for 2009/10 found in Appendix 1 provides full information about fostering activity within the Children & Young People's Trust and a profile of the work of the Fostering teams with the Fostering & Adoption Service.
- 1.2 Standard 1 of the National Minimum Standards for Fostering Services requires that the statement of purpose is endorsed by the Council's executive annually. The revised statement of purpose can be found in Appendix 2.

2. RECOMMENDATIONS:

- 2.1 That the Annual Fostering Service Report and the progress of the Fostering & Adoption Service in relation to fostering activity is noted.
- 2.2 That the revised Fostering Statement of Purpose (Appendix 2) is endorsed.

3. RELEVANT BACKGROUND INFORMATION/CHRONOLOGY OF KEY EVENTS:

- 3.1 See Annual Fostering Service Report

4. CONSULTATION

- 4.1 The Annual Fostering Service report has been compiled in collaboration with managers from the Adoption and Fostering service and the report of the Independent Chair of Panel has been compiled in consultation with Fostering Panel members.

5. FINANCIAL & OTHER IMPLICATIONS:

Financial Implications:

- 5.1 The spending on in-house fostering allowances and other expenses during 2009/2010 totalled £4.284m. This was an increase of 17.9% on the spend in 2008/09. This rise was predominantly the result of increased numbers of placements with relatives, which rose from 21.40 FTE in 2008/09 to 46.35 FTE in 2009/10, with a subsequent growth in spend of £0.355m. Spending on Residence Orders Allowances fell slightly from £1.323m in 2008/09 to £1.211m in 2009/10. Spending on Special Guardianship amounted to £0.205m in 2009/10.

Spend on agency fostering rose by 40% in 2009/2010 to £5.847m. The numbers of placements started to rise considerably at the end of 2008 and have continued to grow during 2009/10. There were 153 children in an IFA placement on 31/3/10 compared with just 109 twelve months previously. There has been considerable effort to control the costs of IFAs and this was reflected in the average direct cost of an IFA falling in 2009/10 by 4% to £840.08 per week.

The average direct unit cost for agency foster care of £840 per week compares to £459 per week for children placed with in-house carers.

Legal Implications:

- 5.2 The legal and regulatory context of fostering services are referred to in the body of the report. These services are essential to fulfilling the statutory obligations of the Trust to otherwise vulnerable children under both the Children Act 1989 & 2004. Children can only be placed into care with the express agreement of their parents or the approval of the Court. Fostering services should reflect the right of children to a family life, which is defined in law so as to include foster carers with whom they have formed a family like attachment, as well as to their birth family.

Lawyer Consulted: Natasha Watson

Date: July 2010

Equalities Implications:

- 5.3 There is a legal requirement for the local authority to provide foster carers who can reflect a child's religious persuasion, racial origin and cultural and

linguistic background. BHCC actively encourages foster carer applications from citizens from a wide range of backgrounds and has an explicitly inclusive recruitment strategy.

An Equalities impact assessment has been undertaken in 2009/10.
