Notes/issues

- There may be items that come up alongside these planned items above – eg from member of the public or other members etc, so it is advisable to leave some space on agendas to incorporate this possibility
- Question of having Chair's short report at the start of each committee – there could be a report back on events, meetings etc that the Chair has attended in capacity as Chair
- 2012 appears to have been referred from Environment Scrutiny – need to let them know that we have taken that on board and asked for short report
- Need to refer Poole valley enquiry to Environment Scrutiny
- The above suggested timetable has been put together with dates for Cabinet and Council in mind in terms of the route that certain policy documents will need to take ultimately.
