Dear Mark

Please could this letter be place on the agenda on the Transport Committee meeting on 27th. November 2012.

I am writing in support of the petition from residents of Hollinbury Park Avenue, Brighton, who are asking for a 20mph speed limit to be implemented now. This road is in the area covered by phase three of the City wide scheme but local people consider that the need for a speed restriction is urgent and cannot wait until phase three is rolled out.

Hollingbury Park Avenue is used as a short cut by motorists seeking to jump the queue at the traffic lights in Ditchling Road at Fiveways. This is particularly evident in the mornings and motorists often drive at speed. Over the last couple of years there has been a considerable increase in the number of vehicles using Hollingbury Park Avenue for this purpose.

I would also like to point out that Hollingbury Park Avenue is used by many children who walk to the Varndean/Stringer schools.
