Dear Bill,

I am concerned at the continuing situation at numbers 15 and 17 The Drive.

These are splendid houses, south of Courtlands Hotel, which have been empty for a very long time. As such, they are decaying – witness the state of the windows – and are not providing the varied housing which is so much needed in the area.

They are now a blight.

I should like this letter included in the Agenda for the Housing Committee's meeting on March 5th, and I shall come along to speak further about the matter.

Thanks,

Christopher Hawtree
