**Non Voting Co-optees:** Andrew Jeffery, Parent Forum, Ben Glazebrooke, Community Works/Voluntary Sector Forum, Graham Bartlett, Chair Local Safeguarding Children Board; Bethan Winstanley, Youth Council; Sue Sjuve, Sussex Community NHS Trust.

**PART ONE**

**71. EDUCATION CAPITAL PROGRAMME**

- 71.1 The Committee considered a report of the Executive Director of Children's Services detailing the proposed Education Capital Programme. The purpose of the report was to inform the Committee of the level of available capital resources allocated to this service

for 2014/15, to recommend a Capital Investment Programme for 2014/15 and to allocate funding available in the capital programme under Structural Maintenance, Pupil Places and Condition Investment for 2014/15.

- 71.2 The Head of Education Planning and Contracts explained that previously the Committee had received a preliminary report to its January meeting with a more detailed follow up report going forward to its March meeting. This year all of the available information had been brought together as a composite report for consideration by the Committee at its March meeting. The report set out the level of resources available over the next three years. The level of funding provided represented a significant improvement on that provided the previous year in recognition of the additional resources required to provide the additional number of school places which needed to be created over the coming years. Notwithstanding that the additional funding being provided would assist future planning similar funding levels would also be required for 2016/17 and beyond in order to address on-going challenges.
- 71.3 Details of the settlement were set out in the report and in addition to the resources identified; the Department for Education would also allocate funding for expenditure at voluntary aided schools across the city under several headings. The extent of the works to be carried out determined by the condition surveys would also form the subject of further discussions with individual schools.
- 71.4 Councillor Buckley referred to works to the proposed allocation of funding for solar panels and sought clarification regarding the process by which the allocation of this fund would be determined. Cllr Buckley wished to know whether there was commitment to rolling this programme out across all of the city's schools and specifically whether solar panels were to be provided at the converted former police station in Holland Road, which would operate as an extension to West Hove Junior School. It was explained that a review was taking place of current projects and that decisions would be made as a result of this review. The Chair, Councillor Shanks explained that meetings were in the process of being arranged with Friends of the Earth who would be able to give input regarding the most sustainable options available.
- 71.5 Councillor Pissaridou referred to the agreement that had been given (paragraph 3.30) to the necessity for the Holland Road annexe to West Hove Junior School to become four forms of entry rather than three as originally proposed, stating that she did not recall Committee authority being given for this. It was confirmed however that following the statutory consultation process the Committee had agreed at its meeting held on 14 October 2013 to expand West Hove Junior School by three forms of entry in September 2014 and four forms of entry from September 2015.
- 71.6 **RESOLVED:**
- (1) That the level of available capital resources totalling £8.887 million for investment relating to education buildings financed from capital grant, revenue contributions and borrowing be noted; and
  - (2) That the allocation of funding as shown in Appendices 2 and 3 to the report be agreed and recommended to Policy & Resources Committee on 20 March 2014 for inclusion within the Council's Capital Investment Programme 2014/15.
