2. Invitations to public workshops distributed to all premises fronting and gaining access from north by direct mail drop.

All frontages within the area shown below were invited to public workshops through letter drop. (The communication provided to frontagers is attached as Appendix 2 of this report).

3. Press releases advertising public workshops in the Argus and Independent.

The workshops were also advertised through adverts in the local media to raise awareness beyond the immediate vicinity of North Street.

People were given the opportunity to provide comments directly to the project team by email if they could not / did not want to attend a workshop.

Consultation Findings

As the consultation timetable overlaps that of Committee lead in, results of consultation are yet to be determined. An update will be provided as soon as possible.
